Santa Clara Family Health Plan is your Medi-Cal managed care plan and Kaiser Permanente is your health care provider network through Santa Clara Family Health Plan. 2 | About your health plan

show your Kaiser Permanente ID card, your BIC, and your Santa Clara Family Health Plan ID card when you get any health care services or prescriptions.

Your Medi-Cal coverage will need to be renewed every year. If your local county office cannot renew your Medi-Cal coverage using electronic sources, the county will send you a Medi-Cal renewal form. Complete this form and return it to your local county human services agency. You can return your information online, in person, or by phone or other electronic means if available in your county.

You may ask at any time to end your assignment to Kaiser Permanente and choose another provider network that works with Santa Clara Family Health Plan. For help choosing a new provider network, call Santa Clara Family Health Plan at **1-800-260-2055** (TTY **711**) or visit **www.scfhp.com**. You can also ask to end your Medi-Cal.

We can ask Santa Clara Family Health Plan to assign you to a different provider network if any of the following occurs:

- Your behavior threatens the safety of Kaiser Permanente staff or of any person or property at a Plan Facility
- You commit theft from a Network Provider, or a Plan Facility
- You intentionally commit fraud, such as presenting a prescription that is not valid or letting someone else use your Medi-Cal or Kaiser Permanente ID card

If Santa Clara Family Health Plan reassigns you to a different provider network, they will inform you in writing.

There are certain services that are not included in the contract between Santa Clara Family Health Plan and Kaiser Permanente. If you need the following services, Santa Clara Family Health Plan will assign you to a different provider network:

- Services in a long-term care facility, intermediate care facility, or subacute care facility for longer than the month of admission plus the next month

For more information on the services listed above, go to the heading “Services you can get through Santa Clara Family Health Plan ” in Chapter 4 of this Member Handbook.

College students who move to a new county or out of California

If you move to a new county in California that is outside your Home Region to attend college, we will only cover Emergency Care and Urgent Care in your new county. Emergency Care and Urgent Care are available to all Medi-Cal enrollees statewide regardless of county of residence. Routine Care, including preventive care, is covered only in your Home Region.

Going to college outside your Home Region in California

If you are enrolled in Medi-Cal and will attend college outside of your Home Region in California, you do not need to apply for Medi-Cal in that county. When you temporarily move away from home to attend college outside your Home Region, there are two options available to you.

You may do either of the following:

- Notify your home county office that you are temporarily moving to attend college and provide your address in the new county. The county will update the case records with your new address and county code in the State's database. Use this option if you want to get Routine Care, including preventive care, in your new county. You may have to change your Medi-Cal

managed care plan. For additional questions and to prevent a delay in the new health plan enrollment, you should contact Health Care Options at **1-800-430-4263** (TTY **1-800-430-7077**) for assistance with enrollment.

OR

- Choose not to change your managed care plan when you temporarily move to attend college in a different county that is outside your Home Region. You may only be able to access Emergency Care or Urgent Care in the new county. For Routine Care, including preventive care, you will need to use the Kaiser Permanente provider network in your Home Region. To learn more, go to Chapter 3 (“How to get care”) for information on Emergency Care and Urgent Care.

Going to college outside of California

If you are leaving California temporarily to attend college in another state and you want to keep your Medi-Cal coverage, contact your eligibility worker at your home county office. As long as you are eligible, Medi-Cal will cover Emergency Care and Urgent Care in another state. We will also cover Emergency Care that results in hospitalization in Canada and Mexico if the services are approved, and the doctor and hospital meet Medi-Cal rules. If you want to get Routine Care, including preventive care, in another state, you will need to apply for Medicaid in that state. If you sign up for Medicaid in another state, you will no longer be eligible for Medi-Cal in California and we will not pay for your health care. Medi-Cal Rx does not cover outpatient prescription drugs outside of California, except for prescriptions that are given to you as part of covered Emergency Care or covered Urgent Care.

Continuity of care

Completion of Covered Services from non–Plan Providers

New Members

If you are a new Member and have been getting care from providers who are not in the Kaiser Permanente network, you may be able to keep seeing them for up to 12 months or more in certain situations. If your medical situation falls under one of the cases listed below under the heading “Eligibility”, you can ask to continue care with that provider.

Existing Members

If your provider stops working with Kaiser Permanente, you may be able to keep getting services from that provider. This is another form of continuity of care.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

If you are assigned to a provider group whose contract with us terminates, we will give you written notice at least 60 days before the termination (or as soon as reasonably possible). We will also give you written notice at least 60 days before we terminate a contract with a hospital that is within 15 miles of where you live. You may be able to continue to see a provider in that provider group or at that hospital for up to 12 months or longer in certain situations. If your medical situation falls under one of the cases below under the heading “Eligibility”, you can ask to continue care with that provider group or hospital.

Eligibility

This section describes the medical conditions for which you can ask for Continuity of Care. There are additional criteria that must be met in order for us to approve your request. Those additional criteria are listed later in this section. If we approve your request for Completion of Covered Services, we will cover the services listed below. For new members, approved services are covered for up to 12 months from your enrollment date, unless otherwise specified below.

- **Acute conditions.** Covered Services until the acute condition ends
- **Serious chronic conditions.** Covered Services until the earlier of (1) 12 months from the date the provider's contract ended; or (2) the first day after a course of treatment is complete when it would be safe to transfer your care to a Network Provider, as determined by Kaiser Permanente after talking with the Member and Out-of-Network Provider and consistent with good professional practice. Serious chronic conditions are illnesses or other medical conditions that are serious, if one of the following is true about the condition:
 - ◆ It persists without full cure
 - ◆ It gets worse over a long period of time
 - ◆ It requires ongoing treatment to maintain remission or prevent the condition from getting worse
- **Maternity care.** Covered Services while you are pregnant and for up to a year after you give birth
- **Services for women who have a mental health condition** while pregnant or right after birth. Covered Services for up to 12 months from the mental health diagnosis or from the end of pregnancy, whichever is later
- **Terminal illnesses.** Covered Services for the duration of the illness. Terminal illnesses are illnesses that cannot be cured or reversed and are likely to cause death within a year or less in most cases

- **Care for children under age 3.** Covered Services until the earlier of (1) 12 months from the date the provider's contract ended; or (2) the child's third birthday
- **Surgery or another procedure that is part of a course of treatment.**
 - ◆ If you are a new Member, the surgery or procedure must be recommended and documented by the provider to occur within 180 days of your effective date of coverage
 - ◆ If your provider's contract with Kaiser Permanente ends, the surgery or procedure must be recommended and documented by the provider to occur within 180 days of the end date of the contract between Kaiser Permanente and the provider
- **You are receiving long term care** under Managed Long-term Services and Supports ("MLTSS")

To qualify for this completion of services coverage, all the following requirements must be met:

- Your Medi-Cal coverage is in effect on the date you receive the services
- For new Members, your prior plan's coverage of the provider's services has ended or will end when your coverage with us becomes effective
- You are receiving services in one of the cases listed above from a non-Plan Provider on your effective date of coverage if you are a new Member, or from the terminated Plan Provider on the provider's termination date
- For new Members, when you enrolled in Health Plan, you did not have the option to continue with your previous health plan or to choose another plan (including an out-of-network option) that would cover the services of your current non-Plan Provider
- For new Members, you must have an existing relationship with the provider you are asking to keep going to.
 - ◆ For behavioral health treatment services for children under age 21, an existing relationship means you were seen by the provider in the six months prior to your enrollment in a Medi-Cal managed care plan
- For all other services, an existing relationship means that you were seen by the provider within the past 12 months for a non-emergency visit
- The provider agrees to our standard contractual terms and conditions

2 | About your health plan

- The services are Medically Necessary and would be covered services under this Member Handbook if you got them from a Network Provider
- You request completion of services within 30 days (or as soon as reasonably possible) from your effective date of coverage if you are a new Member or from the termination date of the Plan Provider
- Kaiser Permanente does not have a documented quality of care concern with the non-plan provider

Kaiser Permanente does **not** cover completion of covered services from non-Plan Providers if either of the following is true:

- The services are not covered by Medi-Cal managed care
- Your provider won't work with Kaiser Permanente. You will need to find a new provider
- We are not required to provide Continuity of Care for services not covered by Medi-Cal, durable medical equipment, transportation, other ancillary services and carved-out service providers.

More information

For more information about this provision, or to request the services or a copy of our "Completion of Covered Services" policy, please call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**. Our Member Service Contact Center can also tell you if you qualify to get services from an Out-of-Network Provider.

Costs

Member costs

Santa Clara Family Health Plan serves people who qualify for Medi-Cal. Santa Clara Family Health Plan Members do **not** have to pay for covered services received from Network Providers. For a list of covered services, see Chapter 4 ("Benefits and services").

If you get services from Out-of-Network Providers, they may not be covered if you did not get pre-approval (prior authorization). In cases where the services are not covered, you may have to pay for the services.

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

You can go to Out-of-Network Providers for some Sensitive Care without pre-approval. For information on what Sensitive Care is, go to the heading “Sensitive Care” in Chapter 3 (“How to get care”).

You do not need pre-approval for Emergency Care, even when you go to Out-of-Network Providers. If you are outside the U.S., other than in Canada or Mexico, and need Emergency Care, Kaiser Permanente will **not** cover your care.

When you are inside the United States, we cover Urgent Care services. If you are inside your Home Region, you must have pre-approval to go to an Out-of-Network Urgent Care provider. You do not need pre-approval for Urgent Care if you are outside your Home Region. If you are outside of the United States, Urgent Care services are **not** covered, and you will have to pay for your care. Your Home Region is the Kaiser Permanente Northern California Region.

For Members with Long-Term Care and a Share of Cost

You may have to pay a share of cost each month for your long-term care services. The amount of your share of cost depends on your income and resources. Each month you will pay your own medical bills including, but not limited to, Managed Long-term Support Services (“MLTSS”) bills, until the amount that you have paid equals your share of cost. After that, your long-term care will be covered by Santa Clara Family Health Plan for that month. For more information on share of cost, call Santa Clara Family Health Plan at **1-800-260-2055 (TTY 711)**, Monday through Friday, 8:30 a.m. to 5 p.m.

How a provider gets paid

Kaiser Permanente pays providers in these ways:

- Capitation payments
 - ◆ We pay some providers a set amount of money every month for each Member. This is called a capitation payment. We work with providers to decide on the payment amount
- FFS payments
 - ◆ Some providers give care to Medi-Cal Members and then send us a bill for the services they provided. This is called a FFS payment. We work with providers to decide how much to pay for each service

To learn more about how we pay providers, visit our website at **kp.org** or call **1-800-464-4000 (TTY 711)**.

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

3. How to get care

Getting health care services

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

The coverage information in this Member Handbook applies when you get health care services in your Home Region. Your Home Region is the Kaiser Permanente Region where you live. Your Home Region is Northern California and is identified on the cover of this Member Handbook and on your Kaiser Permanente ID Card. If you visit another Kaiser Permanente Region, you are covered only for Emergency Care or Urgent Care, unless we pre-approve the services for you. For more information on how to find Network Providers in your Home Region, go to our provider listings on **kp.org/facilities** or call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

You can begin to get health care services on your effective date of your assignment to us. This is a summary of our rules and policies and based on the contract between Kaiser Foundation Health Plan, Inc. and Santa Clara Family Health Plan.

Always carry your Kaiser Permanente ID card, Santa Clara Family Health Plan ID Card, Medi-Cal BIC, and any other health insurance cards you have with you. Never let anyone else use your ID cards or BIC.

We provide services to Members through our Network Providers. They work together to provide you with quality care. When you choose Kaiser Permanente as your provider network, you are choosing to get your care through our medical care program. To find where our Network Providers are located, visit our website at **kp.org/facilities**. For more information, call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

New Members must choose a primary care provider (“PCP”) who is in our provider network and in the Santa Clara Family Health Plan Service Area. You must choose a PCP within 30 days from the time you are assigned to us. If you do not choose a PCP, we will choose one for you. You may choose the same PCP or different PCPs for all family members assigned to Kaiser Permanente.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

If you have a doctor you want to keep, or you want to find a new PCP, you can look in the Provider Directory. It has a list of all PCPs in the Kaiser Permanente network. The Provider Directory has other information to help you choose. If you need a Provider Directory, call **1-800-464-4000 (TTY 711)**. You can find our searchable Provider Directory at **kp.org/facilities**. You can also download a Provider Directory from our website at **kp.org/Medi-Cal/documents**. For more information, call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**.

If you cannot get the care you need from a Kaiser Permanente Network Provider, your PCP must ask The Permanente Medical Group for approval to send you to an Out-of-Network Provider. This is called an Out-of-Network Referral. You do not need approval to go to an Out-of-Network Provider to get Sensitive Care, which is described under the heading “Sensitive Care” later in this chapter.

Read the rest of this chapter to learn more about PCPs, the Provider Directory, and the provider network.

Pharmacy benefits are now administered through the Fee-For-Service (“FFS”) Medi-Cal Rx program. To learn more, read the “Other Benefits and Programs Covered by Kaiser Permanente” section in Chapter 4.

Primary Care Provider (“PCP”)

You must choose a PCP within 30 days of being assigned to Kaiser Permanente.

To help you find a doctor who is right for you, you can browse our online doctor profiles at **kp.org/facilities**. You can find out which doctors are taking new patients and choose one who matches your needs.

Adults can choose a PCP from the following:

- Adult medicine/internal medicine
- Family medicine
- Specialists in OB/GYN whom The Permanente Medical Group (“Medical Group”) designates as PCPs

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

3 | How to get care

For children up to age 18, you can choose a doctor from Pediatrics/adolescent medicine or Family medicine to be their child's PCP. Each covered family member may choose their own personal doctor. Depending on the type of the provider, you may be able to choose one PCP for your entire family who are Members of Kaiser Permanente. If you are in both Medicare and Medi-Cal, or if you have other health care insurance, you do not have to choose a PCP.

You can also choose to get your primary health care at a Federally Qualified Health Center ("FQHC"), an Indian Health Care Provider ("IHCP"), or a Rural Health Clinic ("RHC") in our network. Depending on the type of provider, you may be able to choose one PCP for your entire family, as long as the PCP is available.

Note: American Indians may choose an IHCP as their PCP, even if the IHCP is not in our provider network.

If you do not choose a PCP within 30 days of assignment, we will assign you to a PCP.

You can change to another available Kaiser Permanente doctor at any time, for any reason. You can change your doctor online anytime at **kp.org** or you can call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

Your PCP will:

- Get to know your health history and needs
- Keep your health records
- Give you the preventive and routine health care you need
- Refer (send) you to a specialist if you need one

You can look in the Medi-Cal Provider Directory to find a PCP in the Kaiser Permanente network. The Medi-Cal Provider Directory has a list of providers that work with Kaiser Permanente to provide Medi-Cal Covered Services.

You can find the Kaiser Permanente Provider Directory online at **kp.org/facilities**. You can also request a Provider Directory to be mailed to you by calling **1-800-464-4000** (TTY **711**).

Choice of doctors and other providers

You know your health care needs best, so it is best if you choose your PCP.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

3 | How to get care

It is best to stay with one PCP so they can get to know your health care needs. However, if you want to change to a new PCP, you can change anytime. You must choose a PCP who is in the Kaiser Permanente provider network and is taking new patients.

To learn how to select or change your PCP, call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**.

We may ask you to change your PCP if the PCP is not taking new patients, has left our network, or does not give care to patients your age. We may also ask Santa Clara Family Health Plan to reassign you to a different provider network if you cannot get along with or agree with your PCP, or if you miss or are late to appointments. If Santa Clara Family Health Plan reassigns you to a different provider network, they will tell you in writing.

Some things to think about when picking a PCP:

- Does the PCP take care of children?
- Does the PCP work at a Plan Facility I like to use?
- Is the PCP's office close to my home, work or children's school?
- Does the doctor speak my language?
- Do the PCP's office hours fit my schedule?

Initial Health Assessment ("IHA")

We recommend that, as a new Member, you visit your new PCP within the first 120 days for an initial health assessment ("IHA"). The purpose of the IHA is to help your PCP learn your health care history and needs. Your PCP may ask you some questions about your health history or may ask you to complete a questionnaire. Your PCP will also tell you about health education counseling and classes that may help you.

Take your BIC, your Santa Clara Family Health Plan ID Card, your Kaiser Permanente ID card, and your photo ID to your appointment. It is a good idea to take a list of your medications and questions with you to your visit. Be ready to talk with your PCP about your health care needs and concerns.

Be sure to call your PCP's office if you are going to be late or cannot go to your appointment.

If you have questions about the IHA, call our care coordination team at **510-618-5800 (TTY 711)**, Monday through Friday, 8:30 a.m. to 5 p.m.

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

Routine Care

Routine care is regular health care. It includes preventive care, also called wellness or well care. It helps you stay healthy and helps keep you from getting sick. Preventive care includes regular checkups, health education, and counseling. Children are able to receive much needed early preventive services like hearing and vision screenings, assessments of developmental process, and many more services that are recommended by pediatricians' Bright Futures guidelines. In addition to Preventive Care, Routine Care also includes care when you are sick. Kaiser Permanente covers Routine Care from your Network Providers.

Your PCP will:

- Give you all your Routine Care, including regular checkups, shots, treatment, prescriptions and medical advice
- Keep your health records
- Refer (send) you to specialists, if needed
- Order X-rays, mammograms or lab work if you need them

When you need Routine Care, you can call **1-866-454-8855 (TTY 711)** to schedule an appointment or you can make an appointment online. To request an appointment online, go to our website at **kp.org**.

For Emergency Care, call **911** or go to the nearest hospital.

To learn more about health care and services we cover, and what we do not cover, read Chapter 4 ("Benefits and services") and Chapter 5 ("Child and youth well care") in this Member Handbook.

All Network Providers can use aids and services to communicate with Members and caregivers with disabilities. They can also communicate with you in another language or format. Tell your provider or call us to tell us what you need.

Medi-Cal provider network

The Medi-Cal provider network is the group of doctors, hospitals and other providers that work with Kaiser Permanente to provide Medi-Cal covered services to our Members.

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

Kaiser Permanente is your health care provider network through Santa Clara Family Health Plan. When you choose Kaiser Permanente, you are choosing to get your care through our medical care program. You must get most services from our Network Providers.

You can go to an Out-of-Network Provider without a referral or pre-approval for emergency services or for family planning services. You can also go to an Out-of-Network Provider for out-of-area Urgent Care when you are in an area where we do not operate. You must have a referral or pre-approval for all other out-of-network services, or they will not be covered.

Note: American Indians may choose an Indian Health Care Provider (“IHCP”) as their PCP, even if the IHCP is not a Network Provider.

If your PCP, hospital or other provider has a moral objection to providing you with a covered service, such as family planning or abortion, they can help you find another Network Provider who will give you the services you need. You can also call our Member Service Contact Center at **1-800-464-4000** (TTY **711**) to ask for help finding another Network Provider. For more about moral objections, read the “Moral objection” section later in this chapter.

Network Providers

You will use providers in the Kaiser Permanente network for most of your health care needs. You will get Routine Care, including preventive care, from your PCP. You will also use specialists, hospitals and other providers in the Kaiser Permanente network.

For more information on our Network Providers, call our Member Service Contact Center at **1-800-464-4000** (TTY **711**). You can also find Kaiser Permanente Network Providers and locations online at **kp.org/facilities**. You can download a copy of the Provider Directory at **kp.org/Medi-Cal/documents**.

To get a copy of the Medi-Cal Rx Contract Drug List, call Medi-Cal Rx Customer Service at **1-800-977-2273**, 24 hours a day, 7 days a week. TTY users can call **1-800-977-2273** and press 5 or call **711**, Monday through Friday, 8 a.m. to 5 p.m. You can also visit the Medi-Cal Rx website at **<https://medi-calrx.dhcs.ca.gov/home/>**.

For Emergency Care, call **911** or go to the nearest hospital.

Except for Emergency Care, Urgent Care outside your Home Region, or Sensitive Care, you must get pre-approval from Kaiser Permanente before you see a provider outside the Kaiser Permanente network. If you do not get pre-approval and you go to a provider

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

outside of the network for care that is not emergency care, Urgent Care outside your Home Region, or Sensitive Care, you may have to pay for the services you get from that Out-of-Network Provider. Kaiser Permanente providers who are outside your Home Region are Out-of-Network Providers.

Out-of-Network Providers inside your Home Region

Out-of-network providers are those that do not have an agreement to work with Kaiser Permanente.

We must give you approval before you go to an Out-of-Network Provider inside the Home Region, except for:

- Emergency Care
- Sensitive Care

For Urgent Care inside the Home Region, you must see a Kaiser Permanente Network Provider. You do not need pre-approval to get Urgent Care from a Network Provider.

You must approval from us to get Urgent Care from an Out-of-Network Provider who is inside your Home Region. If you do not get pre-approval, you may have to pay for the Urgent Care you get from Out-of-Network Provider inside your Home Region. For more information on Emergency Care, Urgent Care, and Sensitive Care, go to those headings in this chapter.

Note: If you are an American Indian, you can get care at an IHCP outside of our provider network without a referral.

If you need Medically Necessary Covered Services that are not available in the Kaiser Permanente network, we will approve and refer you to an Out-of-Network Provider to get those services. If we give you a referral to an Out-of-Network Provider, we will pay for your care.

Your Urgent Care provider might give you medication as part of your Urgent Care visit. If you get medications as part of your visit, we will cover the medications as part of your covered Urgent Care. If your Urgent Care provider gives you a prescription to take to a pharmacy, the medications prescribed for you will be covered by the Medi-Cal Rx program. For more information on Medi-Cal Rx, go to the “Medi-Cal Rx” heading in the section “Other Medi-Cal programs and services not covered by Kaiser Permanente” in Chapter 4.

If you need help with Out-of-Network services, talk with your PCP, or call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

Providers outside your Home Region

Routine Care, including preventive care, is not covered outside your Home Region.

If you are outside of your Home Region and need care that is **not** Emergency Care or Urgent Care, call **1-866-454-8855** (TTY **711**) and talk to a licensed health care professional, 24 hours a day, 7 days a week.

Your Urgent Care provider might give you medication as part of your Urgent Care visit. If you get medications as part of your visit, we will cover the medications as part of your covered Urgent Care. If your Urgent Care provider gives you a prescription to take to a pharmacy, the medications prescribed for you will be covered by the Medi-Cal Rx program. For more information on Medi-Cal Rx, go to the “Medi-Cal Rx” heading in the section “Other Medi-Cal programs and services not covered by Kaiser Permanente” in Chapter 4.

For Emergency Care, call **911** or go to the nearest hospital. Kaiser Permanente covers Out-of-Network Emergency Care. If you travel to Canada or Mexico and need Emergency Care that requires hospitalization, Kaiser Permanente will cover your care. If you are traveling internationally outside of Canada or Mexico and need Emergency Care, we **will not** cover your care.

If you pay for Emergency Care requiring hospitalization in Canada or Mexico, you can ask us to pay you back. Submit a claim form and we will review your request. For more information on filing a claim, see the “Ask us to pay a bill” section in Chapter 2.

If you are in another State, including US territories (American Samoa, Guam, Northern Mariana Islands, Puerto Rico and the US Virgin Islands), you are covered for Emergency Care. Not all hospitals and doctors accept Medicaid (Medicaid is what Medi-Cal is called in other States). If you need Emergency Care outside of California, tell the hospital or emergency room doctor as soon as possible that you have Medi-Cal and are a Kaiser Permanente member. Ask the hospital to make copies of your Kaiser Permanente ID card. Tell the hospital and the doctors to bill us. If you get a bill for services you received in another State, call us immediately. We will work with the hospital and/or doctor to arrange to pay for your care.

Medi-Cal does not cover Urgent Care services outside of the United States. If you are traveling outside of the United States and need Urgent Care, Medi-Cal will not pay for your care.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

3 | How to get care

If you are outside of California and have an emergency need to fill outpatient prescription drugs, then please have the pharmacy call Medi-Cal Rx Customer Service at **1-800-977-2273**, 24 hours a day, 7 days a week.

Note: American Indians may get services at Out-of-network IHCPs.

If you have questions about services available from Out-of-Network Providers or outside your Home Region, call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

Doctors

You will choose your primary care provider (“PCP”) from our provider network. To find a PCP near you, you can look on our website at **kp.org/facilities**. You can download a copy of our Provider Directory at **kp.org/Medi-Cal/documents**. You can also call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

You should also call if you want to check to be sure the PCP you want is taking new patients.

If you had a doctor before you were a Member of Kaiser Permanente, and that doctor is not part of our provider network, you may be able to keep that doctor for a limited time. This is called Continuity of Care. You can read more about Continuity of Care in Chapter 2 of this Member Handbook. To learn more, call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

If you need a specialist, your PCP will refer you to a specialist in the Kaiser Permanente network. Some specialties do not require a referral. For more information on referrals, go to the heading “Referrals” later in this chapter 3.

Remember, if you do not choose a PCP, we will choose one for you. You know your health care needs best, so it is best if you choose. If you are in both Medicare and Medi-Cal, or if you have other health care insurance, you do not have to choose a PCP.

If you want to change your PCP, you must choose a PCP from the Kaiser Permanente network. Be sure the PCP is taking new patients. To learn how to select or change to a different PCP, please visit our website at **kp.org**, or call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

Hospitals

If it is not an emergency and you need hospital care, your PCP will decide which hospital you go to. You will need to go to a hospital in our network. To find our network hospitals, you can look on our website at **kp.org/facilities**. You can also call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**.

Women's health specialists

You may go to a women's health specialist within the Kaiser Permanente network for covered care necessary to provide women's routine and preventive health care services. You do not need a referral from your PCP to get these services. For help finding a women's health specialist, you can call **1-800-464-4000 (TTY 711)**. You may also call **1-866-454-8855 (TTY 711)** and talk to a licensed health care professional, 24 hours a day, 7 days a week.

Timely access to care

Your provider must offer you an appointment within the time frames listed below.

Appointment Type	Must Offer Appointment Within
Urgent Care appointments that do not require pre-approval (prior authorization)	48 hours
Urgent Care appointments that do require pre-approval (prior authorization)	96 hours
Non-urgent (routine) primary care appointments	10 business days
Non-urgent (routine) specialist care appointments	15 business days
Non-urgent (routine) mental health provider (non-doctor) care appointments	10 business days
Non-urgent (routine) appointments for ancillary (supporting) services for the diagnosis or treatment of injury, illness, or other health condition	15 business days

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

Appointment Type	Must Offer Appointment Within
Telephone wait times for Member Services during normal business hours	10 minutes

If you prefer to wait for a later appointment that will better fit your schedule or to see the Kaiser Permanente provider of your choice, we will respect your preference. Sometimes waiting longer for care is not a problem. Your provider may give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health.

The standards for appointment availability do not apply to Preventive Care. Your doctor may recommend a specific schedule for preventive services, depending on your needs. The standards also do not apply to periodic follow-up care for ongoing conditions or standing referrals to specialists.

Interpreter services

If you need interpreter services when you call us or when you get covered services, please let us know. Interpreter services, including sign language, are available during all business hours at no cost to you. We highly discourage the use of minors or family members as interpreters. For more information on the interpreter services we offer, please call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

If you need interpreter services, including sign language, at a Medi-Cal Rx pharmacy that is outside the Kaiser Permanente network, call Medi-Cal Rx Customer Service at **1-800-977-2273**, 24 hours a day, 7 days a week. TTY users can call **711**, Monday through Friday, 8 a.m. to 5 p.m.

Travel time or distance to care

Kaiser Permanente must follow travel time or distance standards for your care. Those standards help to make sure you can get care without having to travel too long or too far from where you live. Travel time or distance standards depend on the county you live in.

If you need care from a specialist and that provider is located far from where you live, call our Member Service Contact Center at **1-800-464-4000** (TTY **711**). They can help you find a provider located closer to you. If we cannot find care for you with a closer provider, you can request that we arrange transportation for you to see a provider even if that provider is located far from where you live.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

It is considered far if you cannot get to that specialist within the travel time and distance standards for your county, regardless of any alternative access standard that may be in place for your ZIP Code.

If you need help with pharmacy providers, please call Medi-Cal Rx at **1-800-977-2273** (TTY **1-800-977-2273** and press 5 or **711**).

Appointments

When you need health care:

- Call your PCP
- Have your Kaiser Permanente medical record number (located on your Kaiser Permanente ID card) ready when you call
- Leave a message with your name and phone number if the office is closed
- Take your BIC card, Santa Clara Family Health Plan ID card, Kaiser Permanente ID card, and photo ID to your appointment
- Ask for transportation to your appointment, if needed
- Ask for language assistance or interpreter services, if needed
- Be on time for your appointment, arriving a few minutes early to sign in, fill out forms and answer any questions your provider may have
- Call right away if you cannot keep your appointment or will be late
- Have your questions and medication information ready in case you need them

If you have an emergency, call **911** or go to the nearest hospital.

Getting to your appointment

If you don't have a way to get to and from your health care services and appointments, we can help arrange transportation for you. Transportation help is available for services and appointments that are not related to Emergency Care and you may be able to get a ride at no cost to you. This service, called Medical Transportation, is **not** for emergencies. If you are having a medical emergency, call **911**.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

Go to the section “Transportation services for situations that are not emergencies” in Chapter 4 (“Benefits and services”) for more information.

Canceling and rescheduling

If you can't make your appointment, call your provider's office right away. Most doctors ask you to call 24 hours (1 business day) before your appointment if you have to cancel. If you miss repeated appointments, your doctor may not want to see you as a patient anymore.

Payment

You do **not** have to pay for covered services. In most cases, you will not get a bill from a provider. You must show your Kaiser Permanente ID card, your Santa Clara Family Health Plan ID Card, and your Medi-Cal BIC when you get any health care services or prescriptions. Your ID Card will tell your doctor where to send the bill. You may get an Explanation of Benefits (“EOB”) from us or a statement from a provider. EOBs and statements are not bills.

If you do get a bill, call our Member Service Contact Center at **1-800-464-4000** (TTY **711**). Tell us the amount charged, the date of service and the reason for the bill. You are **not** responsible to pay a provider for any amount owed by Kaiser Permanente for any Covered Service.

If you get a bill from a pharmacy for a prescription drug, supplies, or supplements, call Medi-Cal Rx Customer Service at **1-800-977-2273**, 24 hours a day, 7 days a week. TTY users can call **711**, Monday through Friday, 8 a.m. to 5 p.m. You can also visit the Medi-Cal Rx website for information at <https://medi-calrx.dhcs.ca.gov/home/>. You must get pre-approval (prior authorization) before you go to an Out-of-Network Provider, except when you need:

- Emergency Care
- Urgent Care outside your Home Region
 - ◆ Inside your Home Region, you need pre-approval to see an Out-of-Network Provider for Urgent Care
- Sensitive Care

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

If you do not get pre-approval, you may have to pay for care from providers who are outside our provider network. For more information on Emergency Care, Urgent Care, and Sensitive Care services, go to those headings in this chapter.

If you need Medically Necessary services that are covered by Medi-Cal that are not available in the Kaiser Permanente network, we will approve and refer you an Out-of-Network Provider to get those services.

If you get a bill or are asked to pay a copay that you think you did not have to pay, you can also file a claim form. You will need to tell us in writing why you had to pay for the item or service. We will read your claim and decide if you can get money back. You can get a claim form online at **kp.org**. You can also call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**. We will be happy to help you if you need help completing our claim form.

If you receive services in the Veterans Affairs system or non-covered or unauthorized services received outside of California, you may be responsible for payment.

Referrals

Your doctor will give you a referral to send you to a specialist if you need one. A specialist is a doctor who has extra education in one area of medicine. Your doctor will work with you to choose a specialist. Your doctor's office can help you set up a time to see the specialist.

Examples of services that require a referral include:

- Hospital stays that are not part of emergency care
- Surgery
- Orthopedics
- Cardiology
- Oncology
- Dermatology
- Physical, occupational, and speech therapies
- Stays at the following types of facilities:
 - ◆ Skilled nursing facility
 - ◆ Subacute facility

3 | How to get care

- ◆ Pediatric subacute facility
- ◆ Intermediate care facility
- Specialized treatments

Also, your PCP must refer you before you can get care from qualified autism service providers.

If you have a health problem that needs special medical care for a long time, you may need a standing referral. This means you can go to the same specialist more than once without getting a referral each time.

If you have trouble getting a standing referral or want a copy of the Kaiser Permanente referral policy, call **1-800-464-4000** (TTY **711**).

You do not need a referral for:

- PCP visits
- Generalists in adult medicine, family practice, and pediatrics
- Specialists in optometry
- Mental health services for mild to moderate conditions, including initial mental health assessments
- Obstetrics/Gynecology (“OB/GYN”) visits
- Urgent Care
- Adult sensitive services, such as sexual assault care
- Emergency Care
- Family planning services (To learn more, call Office Family Planning Information and Referral Service at **1-800-942-1054**)
- HIV testing and counseling (12 years or older)
- Services for sexually transmitted infections (12 years or older)
- Chiropractic services (a referral may be required by out-of-network FQHCs and RHCs, and IHCPs)

Minors can also get certain outpatient mental health services, Sensitive Care services, and substance use disorder treatment services without their parents’ consent. Substance use disorder treatment services are not covered under this Member Handbook. They are covered by county mental health plans.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

Not all outpatient mental health services are covered under this Member Handbook. See the heading “Mental health services” in Chapter 4 for more information on what services are covered.

Although a referral or pre-approval is not required to receive most care from these providers, you may need a referral in the following situations:

- The provider may have to get pre-approval for certain services
- The provider may have to refer you to a specialist who has a clinical background related to your illness or condition

Ready to quit smoking? Call **800-NO-BUTTS** (800-662-8887) to find out how. Or go to **www.nobutts.org**.

Pre-approval (Prior Authorization)

For some types of care, your PCP or specialist will need to ask The Permanente Medical Group for permission before you get the care. This is called asking for prior authorization, prior approval, or pre-approval. It means that The Permanente Medical Group must make sure that the care is Medically Necessary or needed.

Medically Necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness or injury. For Members under the age of 21, Medically Necessary services include care that is needed to fix or help relieve a physical or mental illness or condition.

The following are examples of services that always need pre-approval:

- Acupuncture services when you need more than two visits per month
- Community-Based Adult Services (“CBAS”)
- Dental anesthesia
- Durable medical equipment
- Home health care

3 | How to get care

- Transplants
- Out-of-network services, including hospitalization after your condition is stable

For some services, you need pre-approval (prior authorization). Under Health and Safety Code Section 1367.01(h)(1), The Permanente Medical Group will decide routine pre-approvals (prior authorizations) within 5 working days of when The Permanente Medical Group gets the information reasonably needed to decide.

For requests in which a provider indicates or the applicable Medical Group designee determines that following the standard timeframe could seriously endanger your life or health or ability to attain, maintain, or regain maximum function, The Permanente Medical Group will make an expedited (fast) authorization decision. We will give notice as quickly as your health condition requires and no later than 72 hours after getting the request for services. Pre-approval (prior authorization) requests are reviewed by clinical or medical staff, such as doctors and nurses.

Kaiser Permanente does **not** pay the reviewers to deny coverage or services. We will send you a Notice of Action (“NOA”) letter if The Permanente Medical Group does not approve your request. The NOA letter will tell you how to file an appeal if you do not agree with the decision.

We will contact you if The Permanente Medical Group needs more information or more time to review your request.

You never need pre-approval (prior authorization) for Emergency Care even if it is Out-of-Network or outside your Home Region. You also do not need pre-approval for Urgent Care outside of your Home Region. This includes labor and delivery if you are pregnant. You do not need pre-approval (prior authorization) for most Sensitive Care. For more information on Sensitive Care, go to the section “Sensitive Care” in this chapter.

For the complete list of services that require pre-approval, and the criteria that are used to make authorization decisions, please visit our website at **kp.org/UM** or call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

Second opinions

You might want a second opinion about care your provider says you need or about your diagnosis or treatment plan. For example, you may want a second opinion if you are not

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

sure you need a prescribed treatment or surgery, or you have tried to follow a treatment plan and it has not worked.

To get a second opinion, call your PCP. Your PCP can refer you to a Network Provider who is an appropriately qualified medical professional for your medical condition for a second opinion. You may also call our Member Service Contact Center at **1-800-464-4000 (TTY 711)** to help you arrange one with a Network Provider.

We will pay for a second opinion if you or your Network Provider asks for it and you get the second opinion from a Network Provider. You do not need permission from us to get a second opinion from a Network Provider.

If there isn't a Network Provider who is an appropriately qualified medical professional for your condition, Member Services will help you arrange a consultation with an Out-of-Network Provider for a second opinion. If we refer you to an Out-of-Network Provider for a second opinion, we will pay for the second opinion. We will tell you within 5 business days if the provider you choose for a second opinion is approved. If you have a chronic, severe or serious illness, or face an immediate and serious threat to your health, including, but not limited to, loss of life, limb, or major body part or bodily function, we will decide within 72 hours.

If we deny your request for a second opinion, you may file a grievance. To learn more about grievances, go to the "Complaints" heading in Chapter 6 ("Reporting and Solving Problems") in this Member Handbook.

- HIV/AIDS prevention/testing/treatment
- Sexually transmitted infections prevention/testing/treatment
- Substance use disorder treatment services
 - ◆ Substance use disorder treatment is not covered under this Member Handbook. You have to get services from the county mental health plan in the county where you live. Go to the heading “Substance use disorder treatment services” under the Section “Other Medi-Cal programs and services not covered by Kaiser Permanente” for more information.

If you are under 18 years old, you can go to a doctor without permission from your parents or guardian for these types of care:

- Pregnancy testing and counseling
- Family planning/birth control (including sterilization)
- Abortion services
- Sexual assault care

For pregnancy testing, family planning services, birth control services, or services for sexually transmitted infections, the doctor or clinic does not have to be part of the Kaiser Permanente network. You can choose any Medi-Cal provider and go to them without a referral or prior authorization. You can also get services related to sexually transmitted infections from Medi-Cal family planning providers.

For minor consent services that are not specialty mental health services, you can see a Network Provider without a referral and without prior authorization. Your PCP does not have to refer you and you do not need to get pre-approval (prior authorization) from us to get minor consent services that are covered under this Member Handbook. Minors can talk to a representative in private about their health concerns by calling **1-866-454-8855 (TTY 711)**.

Minor consent services that are specialty mental health services are not covered under this Member Handbook. Specialty mental health services are covered by the county mental health plan for the county where you live.

Services from an Out-of-Network Provider that are not related to Sensitive Care may not be covered. Adult Sensitive Care

As an adult (18 years or older), you may not want to go to your PCP for certain sensitive or private care. If so, you may choose any doctor or clinic for the following types of care:

- Family planning/birth control (including sterilization services)
- Pregnancy testing and counseling
- HIV/AIDS prevention/testing/treatment
- Sexually transmitted infections prevention/testing/treatment
- Sexual assault care
- Outpatient abortion services

For pregnancy testing, family planning services, birth control services, or services for sexually transmitted infections, the doctor or clinic does not have to be part of the Kaiser Permanente network. You can choose any Medi-Cal provider and go to them without a referral or prior authorization. For help finding a Medi-Cal provider who is outside the Kaiser Permanente network, call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**.

For all other adult Sensitive Care, you can see a Network Provider without a referral and without prior authorization. Your PCP does not have to refer you and you do not need to get pre-approval (prior authorization) from us to get adult Sensitive Care that is covered by us.

Services from an Out-of-Network Provider that are not related to Sensitive Care may not be covered. For help finding a doctor or clinic giving these services, or for transportation help getting to these services, you can call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**. You may also call **1-866-454-8855** and talk to a licensed health care professional, 24 hours a day, 7 days a week.

Some providers have a moral objection to some covered services. This means they have a right to **not** offer some covered services if they morally disagree with the services. If your provider has a moral objection, they will help you find another provider for the needed

services. Kaiser Permanente can also work with you to find a provider. If you need help getting a referral to a different provider, call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**.

Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family member might need:

- **family planning**
- **contraceptive services, including emergency contraception**
- **sterilization, including tubal ligation at the time of labor and delivery**
- **infertility treatments**
- **abortion**

You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, or clinic, or call our Member Service Contact Center at 1-800-464-4000 (TTY 711) to ensure that you can obtain the health care services that you need.

These services are available to you and we must ensure you or your family member sees a provider or is admitted to a hospital that will perform the covered services. Call our Member Service Contact Center at **1 800-464-4000 (TTY 711)** if you have questions or need help finding a provider.

Urgent Care

Urgent Care is **not** for an emergency or life-threatening condition. It is for services you need to prevent serious damage to your health from a sudden illness, injury or complication of a condition you already have. Most Urgent Care appointments do not need pre-approval (prior authorization) and are available within 48 hours of your request. If the urgent care services you need require pre-approval, you will be offered an appointment within 96 hours of your request.

Urgent Care needs could be a cold, sore throat, fever, ear pain, sprained muscle or maternity services. For Urgent Care, call **1-866-454-8855 (TTY 711)** and talk to a licensed health care professional, 24 hours a day, 7 days a week.

You must obtain Urgent Care services from a Network Provider when you are inside your Home Region. You do not need pre-approval (prior authorization) for Urgent Care from Network Providers inside your Home Region.

If you are outside your Home Region, but inside the United States, you do not need pre-approval (prior authorization) to get Urgent Care. Go to the nearest Urgent Care facility. Medi-Cal does not cover Urgent Care services outside the United States. If you are traveling outside the United States and need Urgent Care, we will **not** cover your care.

Your Urgent Care provider might give you medication as part of your Urgent Care visit. If you get medications as part of your visit, we will cover the medications as part of your covered Urgent Care. If your Urgent Care provider gives you a prescription to take to a pharmacy, the medications prescribed for you will be covered by the Medi-Cal Rx program. For more information on Medi-Cal Rx, go to the “Medi-Cal Rx” heading in the section “Other Medi-Cal programs and services not covered by Kaiser Permanente” in Chapter 4.

If your care is a mental health Urgent Care concern, call Santa Clara County Mental Health Services toll-free at **1-800-704-0900**, 24 hours a day, 7 days a week. To locate all counties’ toll-free telephone numbers online, visit <http://www.dhcs.ca.gov/individuals/Pages/MHPContactList.aspx>.

We do not cover follow-up care from Out-of-Network Providers after you no longer need Urgent Care, except for covered durable medical equipment. After your Urgent Care issue has resolved, you must see a Network Provider for any needed follow-up care. If you need durable medical equipment related to your Urgent Care, your Out-of-Network Provider must obtain pre-approval (prior authorization) from us.

Emergency Care

For Emergency Care, call **911** or go to the nearest hospital. For Emergency Care, you do **not** need pre-approval (prior authorization) from us. You have the right to use any hospital or other setting for emergency care including in Canada and Mexico. Emergency care and other care in other countries are not covered.

Emergency Care is for emergency medical conditions. It is for an illness or injury that a prudent (reasonable) layperson (not a health care professional) with average knowledge of health and medicine could expect that, if you don’t get care right away, you would place your health (or your unborn baby’s health) in serious danger, or risk serious harm to your

body functions, body organs or body parts. Examples of emergency medical conditions include, but are not limited to:

- Active labor
- Broken bone
- Chest pain
- Drug overdose
- Psychiatric emergency conditions, such as severe depression or suicidal thoughts (covered by county mental health plans)
- Severe bleeding
- Severe burn
- Severe pain
- Trouble breathing
- Fainting

Do not go to the ER for Routine Care or care that is not needed right away. You should get Routine Care from your PCP, who knows you best. If you are not sure if you have an emergency, call your PCP. You may also call **1-866-454-8855 (TTY 711)** and talk to a licensed health care professional, 24 hours a day, 7 days a week.

If you need Emergency Care away from home, go to the nearest emergency room (“ER”), even if it is not in the Kaiser Permanente network. If you go to an ER, ask them to call us. You or the hospital to which you were admitted should call Kaiser Permanente within 24 hours after you get emergency care. If you are traveling outside the U.S., other than to Canada or Mexico, and need Emergency Care, Kaiser Permanente will **not** cover your care.

If you need emergency transportation, call **911**. You do not need to ask your PCP or Kaiser Permanente first before you go to the ER.

If you need care in an Out-of-Network hospital after your emergency (Post-Stabilization Care), the hospital will call Kaiser Permanente.

Remember: Do not call **911** unless it is an emergency. Get Emergency Care only for an emergency, not for Routine Care or a minor illness like a cold or sore throat. If it is an emergency, call **911** or go to the nearest hospital.

Post-Stabilization Care

Post-stabilization care is the Medically Necessary services in a hospital (including the ER) that you get after the doctor who is treating you finds that your emergency medical condition is clinically stable. Post-stabilization care also includes durable medical equipment (“DME”) only when all of the following conditions are met:

- The DME item is covered under this Member Handbook
- It is Medically Necessary for you to have the DME item after you leave the hospital
- The DME item is related to the emergency care you received in the hospital.

For more information about durable medical equipment covered under this Member Handbook, go to the “Durable medical equipment” heading in Chapter 4 (“Benefits and services”) of this Member Handbook.

We cover Post-Stabilization Care from an Out-of-Network Provider only if we pre-approve it or if otherwise required by applicable law. The provider treating you must get authorization from us before we will pay for post-stabilization care.

To request pre-approval for you to receive Post-Stabilization Care from an Out-of-Network Provider, the provider must call us at **1-800-225-8883 (TTY 711)**. They can also call the phone number on the back of your Kaiser Permanente ID card. The provider must call us before you get the services.

When the provider calls, we will talk to the doctor who is treating you about your health issue. If we determine you need Post-Stabilization Care, we will authorize the covered services. In some cases, we may arrange to have a Network Provider provide the care.

If we decide to have a network hospital, skilled nursing facility, or other provider provide the care, we may authorize transport services that are Medically Necessary to get you to the provider. This may include special transport services that we would not normally cover.

You should ask the provider what care (including any transport) we have authorized. We cover only the services or related transport that we authorized. If you ask for and get services that are not covered, we may not pay the provider for the services.

The Appointment and Advice Line gives you free medical information and advice 24 hours a day, every day of the year. Call **1-866-454-8855** (TTY **711**).

Appointment and Advice Line

Sometimes it's difficult to know what kind of care you need. We have licensed health care professionals available to assist you by phone 24 hours a day, seven days a week. You can:

- Talk to a healthcare professional who will answer medical questions, give care advice, and help you decide if you should see a provider right away
- Get help with medical conditions such as diabetes or asthma, including advice about what kind of provider may be right for your condition
- Get help on what to do if you need care and a Plan Facility is closed or you are outside your Home Region

You can reach one of these licensed health care professionals by calling **1-866-454-8855** (TTY **711**). When you call, a trained support person may ask you questions to help determine how to direct your call.

Advance directives

An advance health directive is a legal form. On it, you can list what health care you want in case you cannot talk or make decisions later on. You can list what care you do **not** want. You can name someone, such as a spouse, to make decisions about your health care if you cannot.

You can get an advance directive form at Kaiser Permanente Plan Facilities at no cost to you. You can also get a form at pharmacies, hospitals, law offices and doctors' offices. You may have to pay for the form if you do not get the form from us. You can also download the form at no cost to you from our website at **kp.org**. You can ask your family, PCP or someone you trust to help you fill out the form.

You have the right to have your advance directive placed in your medical records. You have the right to change or cancel your advance directive at any time.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

You have the right to learn about changes to advance directive laws. Kaiser Permanente will tell you about changes to the state law no longer than 90 days after the change. For more information, you can call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

Organ and tissue donation

You may be able to help save lives by becoming an organ or tissue donor. If you are between 15 and 18 years old, you can become a donor with the written consent of your parent or guardian. You can change your mind about being an organ donor at any time. If you want to learn more about organ or tissue donation, talk to your PCP. You can also visit the United States Department of Health and Human Services website at **www.organdonor.gov**.

4. Benefits and services

What your health plan covers

This chapter explains your Covered Services as a Member of Kaiser Foundation Health Plan, Inc. Your Covered Services are no cost to you as long as they are Medically Necessary and provided according to the rules outlined in this Member Handbook. Most services must be provided by a Network Provider. We may cover Medically Necessary services from an Out-of-Network Provider in some cases. You must ask us for pre-approval (prior authorization) if the care is out-of-network, except for Sensitive Care, Emergency Care or Urgent Care services.

Medically Necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness or injury. For Members under the age of 21, Medically Necessary services include care that is needed to fix or help relieve a physical or mental illness or condition. Members under 21 years old are able to get extra benefits and services. Read Chapter 5 (“Child and youth well care”) for more information.

For more information on your Covered Services, call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**.

- Care at an Indian Health Service facility
- Emergency ambulance services
- Emergency services and post-stabilization care
- Family planning services
- Out-of-area Urgent Care
- Referrals to Out-of-Network Providers
- Some Sensitive Care

change provider networks, please call Santa Clara Family Health Plan's Member Services at **1-800-260-2055**, (TTY **711**), Monday through Friday, 8:30 a.m. to 5 p.m.

Medically Necessary are services that will (or are reasonably expected to) prevent, diagnose, cure, correct or improve the following and that are provided in a manner consistent with accepted standards of medical practice:

- Pain and suffering
- Physical, mental, cognitive or developmental effects of an illness, injury or disability

For Early and Periodic Screening, Diagnostic and Treatment (EPSDT), these services may also include treatment that is observation only and services that would correct or improve defects and physical and mental illnesses discovered by screening services.

Medically Necessary services do not include:

- Treatments that are untested or still being tested
- Services or items not generally accepted as effective
- Services outside the normal course and length of treatment or services that don't have clinical guidelines
- Services for caregiver or provider convenience

We will coordinate with other programs to ensure that you receive all Medically Necessary services, even if those services are covered by another program and not by us.

Medically Necessary services include Covered Services that are reasonable and necessary to:

- Protect life
- Prevent significant illness or significant disability
- Alleviate severe pain
- Achieve age-appropriate growth and development
- Attain, maintain, and regain functional capacity

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

For Members under the age of 21, Medically Necessary services include all Covered Services, identified above, and any other necessary health care, diagnostic services, treatment, and other measures to correct or ameliorate defects and physical and mental illnesses and conditions, as required by the federal Early and Periodic Screening, Diagnostic and Treatment (“EPSDT”) benefit.

EPSDT provides a broad range of prevention, diagnostic, and treatment services for low-income infants, children and adolescents under age 21. The EPSDT benefit is more robust than the benefit for adults and is designed to assure that children receive early detection and care, so that health problems are averted or diagnosed and treated as early as possible. The goal of EPSDT is to assure that individual children get the health care they need when they need it – the right care to the right child at the right time in the right setting.

We will coordinate with other programs to ensure that you receive all Medically Necessary services, even if those services are covered by another program and not by Kaiser Permanente.

Newborns are babies from 0 to 2 months old. If the mother is a Medi-Cal member at the time of the birth, we cover Medically Necessary services under the mother’s Medi-Cal coverage for newborns. It is important to enroll your newborn in Medi-Cal so that your newborn can have their own Medi-Cal coverage. For more information on how to enroll your newborn in Medi-Cal, call your county office.

The Provisional Postpartum Care Extension (“PPCE”) Program provides extended coverage for Medi-Cal members who have a maternal mental health condition during pregnancy or the time period after pregnancy.

We cover maternal mental health care for women during pregnancy and for up to two months after the end of pregnancy. The PPCE Program extends that coverage for up to 12 months after the diagnosis or from the end of the pregnancy, whichever is later.

To qualify for the PPCE program, your doctor must confirm your diagnosis of a maternal mental health condition within 150 days after the end of pregnancy. Ask your doctor about these services if you think you need them. If your doctor thinks you should have the services from PPCE, your doctor completes and submits the forms for you.

To learn about the mental health services we cover, go to the heading “Mental health services” in this Chapter 4.

The Postpartum Care Extension Program (effective starting April 1, 2022)

The Postpartum Care Extension Program provides extended coverage for Medi-Cal members during both the pregnancy and after pregnancy.

The Postpartum Care Extension Program extends Medi-Cal coverage for up to 12 months after the end of the pregnancy regardless of income, citizenship, or immigration status and no additional action is needed.

Telehealth services

Telehealth is a way of getting services without being in the same physical location as your provider. Telehealth may involve having a live conversation with your provider. Or telehealth may involve sharing information with your provider without a live conversation. You can receive many services through telehealth. However, telehealth may not be available for all covered services. You can contact your provider to learn which types of services may be available through telehealth. It is important that both you and your provider agree that the use of telehealth for a particular service is appropriate for you. You have the right to in-person services and are not required to use telehealth even if your provider agrees that it is appropriate for you.

Mental health services

Mental health assessments

You do not need a referral or pre-approval to get an initial mental health assessment from a Network Provider. You may get a mental health assessment at any time from a licensed mental health provider who is a Network Provider. You can look at our online provider listings at **kp.org/facilities** to find a mental health provider in our network or call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**. If your mental health provider decides you need specialty mental health services (“SMHS”), your doctor will refer you to the county mental health plan to receive an assessment.

We will cover prevention, screening, assessment, and treatment services for mild-to moderate mental health conditions that may be provided to you before you receive a formal diagnosis related to your mental health.

Outpatient mental health services for mild to moderate conditions

If your mental health provider determines that you have a mild or moderate mental health condition or have impairment of mental, emotional or behavioral functioning, we cover the following outpatient mental health services:

- Individual and group mental health evaluation and treatment (psychotherapy)
- Psychological testing when necessary to evaluate a mental health condition
- Development of cognitive skills to improve attention, memory and problem solving
- Outpatient services for the purpose of monitoring drug therapy

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

- Psychiatric consultation
- Imaging and laboratory services related to treatment of your mental health condition (see “Laboratory and radiology services” in this chapter 4)

Outpatient prescription drugs, supplies, and supplements related to mental health services are covered under the Medi-Cal Rx program. For more information on Medi-Cal Rx, go to the “Medi-Cal Rx” heading in the section “Other Medi-Cal programs and services not covered by Kaiser Permanente” in this Chapter 4.

For help finding more information on mental health services provided by Kaiser Permanente you can call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

Emergency Services

Inpatient and outpatient services needed to treat a medical emergency

We cover all services that are needed to treat a medical emergency that happens in the U.S. (including territories such as Puerto Rico, U.S. Virgin Islands, etc.) or requires you to be in a hospital in Canada or Mexico. A medical emergency is a medical condition with severe pain or serious injury. The condition is so serious that, if it does not get immediate medical attention, a prudent (reasonable) layperson (not a health care professional) with an average knowledge of health and medicine could expect it to result in any of the following:

- Serious risk to your health
- Serious harm to bodily functions
- Serious dysfunction of any bodily organ or part
- In the case of a pregnant woman in active labor, meaning labor at a time when either of the following would occur:
 - ◆ There is not enough time to safely transfer you to another hospital before delivery
 - ◆ The transfer may pose a threat to your health or safety or to that of your unborn child

Covered Emergency Care services include up to a 72-hour emergency supply of outpatient prescription drugs if a pharmacist or hospital emergency department gives you the medication as part of your Emergency Care.

If a hospital emergency department provider gives you a prescription that you have to take to an outpatient pharmacy to be filled, Medi-Cal Rx will be responsible for the coverage of that prescription. If a pharmacist at an outpatient pharmacy gives you an emergency supply of a medication, that prescription will also be covered by Medi-Cal Rx and not by us. If the pharmacy needs help to process your prescription, they can call Medi-Cal Rx Customer Service at **1-800-977-2273**, 24 hours a day, 7 days a week.

Emergency transportation services

We cover ambulance services to help you get to the nearest place of care in emergency situations. This means that your condition is serious enough that other ways of getting to a place of care could risk your health or life. No services are covered outside the U.S., except for emergency services that require you to be in the hospital in Canada or Mexico. If you receive emergency ambulance services in Canada and Mexico and you are not hospitalized during that episode of care, we will not cover your ambulance services.

Health education

We cover a variety of health education counseling, programs, and materials that your PCP or other providers provide during an appointment or visit.

We also cover a variety of health education counseling, programs, and materials to help you take an active role in protecting and improving your health, including programs for tobacco cessation, stress management, and chronic conditions (such as diabetes and asthma). These programs and materials are available at no cost to you.

For more information about our health education counseling, programs, and materials, please contact the health education department at your local Plan Facility. You can also call our Member Service Contact Center at **1-800-464-4000** (TTY **711**) or go to our website at **kp.org**.

Hospice and palliative care

Hospice care

Hospice care is a benefit that services terminally ill members. It is an intervention that focuses mainly on pain and symptom management rather than on a cure to prolong life.

We cover hospice care only if all of the following requirements are met:

- A network doctor has diagnosed you with a terminal illness and determines that your life expectancy is 6 months or less
- The services are provided in your Home Region

4 | Benefits and services

- The services are provided by a licensed hospice agency that is a Network Provider
- A network doctor determines that the services are necessary for the palliation and management of your terminal illness and related conditions

With hospice care:

- Adults ages 21 years or older can get care to relieve pain and other symptoms of their terminal illness, but not to cure the illness. Adults may not receive both hospice care and palliative care services at the same time.
- Children under the age of 21 get care to relieve pain and other symptoms of their terminal illness and can choose to continue to get treatment for their illness

You can change your choice to get hospice care at any time. Your choice to start or stop hospice care must be in writing and follow Medi-Cal rules.

If all of the above requirements are met, we cover the following hospice services:

- Services of network doctors
- Skilled nursing care, including evaluation and case management of nursing needs, treatment for pain and symptom control, emotional support for you and your family, and instruction to caregivers
- Physical, occupational, and speech therapy for symptom control or to help maintain activities of daily living
- Respiratory therapy
- Medical social services
- Home health aide and help with eating, bathing, and dressing
- Drugs for pain control and to help with other symptoms of your terminal illness.
 - ◆ We cover administered drugs in accordance with our drug formulary guidelines
 - ◆ We cover outpatient drugs that are directly related to your covered hospice services. You must obtain these drugs from a Kaiser Permanente network pharmacy. For some drugs, we cover a 30-day supply in any 30-day period
 - ◆ Outpatient prescription drugs that are not part of your hospice care are

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

covered by Medi-Cal Rx. You can learn more about Medi-Cal Rx by going to the heading "Medi-Cal Rx" under the section "Other benefits and programs not covered by Kaiser Permanente" later in this Chapter 4

- Durable medical equipment
- Respite care when necessary to relieve your caregivers. Respite care is occasional short-term inpatient care limited to no more than five days in a row at one time
- Counseling to help with loss
- Advice about diet

We also cover the following hospice services only during periods of crisis when they are Medically Necessary to achieve palliation or management of acute medical symptoms:

- Nursing care on a continuous basis for as much as 24 hours a day as necessary to maintain you at home
- Short-term inpatient care required at a level that cannot be provided at home

Palliative care

We cover palliative care for Members who meet the Medi-Cal eligibility criteria for these services. Palliative care reduces physical, emotional, social and spiritual discomforts for a Member with a serious illness. Palliative care may be provided at the same time as curative care.

Palliative care includes the following:

- Advance care planning
- Palliative care assessment and consultation
- A plan of care including, but not limited to the following, as needed:
 - ◆ Services of a doctor of medicine or osteopathy
 - ◆ Services of a physician assistant
 - ◆ Services of a registered nurse
 - ◆ Services of a licensed vocational nurse or nurse practitioner
 - ◆ Services of a social worker
 - ◆ Services of a chaplain
 - ◆ Care coordination
 - ◆ Pain and symptom management

- Mental health and medical social services

Adults who are age 21 or older cannot receive both palliative care and hospice care at the same time. If you are getting palliative care and meet the eligibility for hospice care, you can ask to change to hospice care at any time.

Hospitalization

Anesthesiologist services

We cover Medically Necessary anesthesiologist services during covered hospital stays. An anesthesiologist is a provider who specializes in giving patients anesthesia. Anesthesia is a type of medicine used during some medical procedures.

Inpatient hospital services

We cover Medically Necessary inpatient hospital care when you are admitted to an in-network hospital. Services include room and board, drugs, equipment, imaging and laboratory services, and other services that the hospital ordinarily provides. If you are admitted to an out-of-network hospital, you must get approval from us for the care you receive after your condition is stabilized. If you do not get approval from us, your hospital stay will not be covered.

Surgical services

We cover Medically Necessary surgeries performed in a hospital.

Rapid Whole Genome Sequencing

Rapid Whole Genome Sequencing (“rWGS”), including individual sequencing, trio sequencing for a parent or parents and their baby, and ultra-rapid sequencing, is a covered benefit for any Medi-Cal member who is one year of age or younger and is receiving inpatient hospital services in an intensive care unit. rWGS is an emerging method of diagnosing conditions in time to affect ICU care of children one year of age or younger. If your child is eligible for California Children’s Services (“CCS”), CCS may be responsible for covering the hospital stay and the rWGS.

Investigational services

Investigational services are drugs, equipment, procedures or other medical services that are being studied in humans to determine if they are effective and safe. We cover investigational services only when all of the following conditions are met:

- Standard treatment will not adequately treat the condition
- Standard treatment will not prevent progressive disability or premature death

- The provider of the service has a strong safety and success record
- The service is not part of a research study protocol
- There is reasonable expectation that the service will significantly prolong life or will maintain or restore activities of daily living function

All investigational services require pre-approval. See "Independent Medical Review" in Chapter 6 ("Reporting and solving problems") to learn about independent medical review of requests for investigational services.

Drugs that are covered as part of investigational services are covered by Kaiser Permanente and not Medi-Cal Rx. You must go to a Kaiser Permanente network pharmacy to fill prescriptions related to investigational services for them to be covered.

Outpatient prescription drugs, supplies, and supplements covered by Kaiser Permanente

Most outpatient prescription drugs are covered by Medi-Cal Rx as a service through Fee-for-Service Medi-Cal. You can learn more about Medi-Cal Rx by going to the heading "Medi-Cal Rx" under the section "Other Medi-Cal programs and services not covered by Kaiser Permanente" later in this Chapter 4.

There are some prescription drugs and items that are still covered by us because state law requires us to cover them. This section describes the prescription drugs and items that we still cover under state law.

Enteral and parenteral nutrition

These methods of delivering nutrition to the body are used when a medical condition prevents you from eating food normally. We cover enteral and parenteral nutrition products when Medically Necessary.

Contraceptive drugs and devices

We cover contraceptive drugs and devices when prescribed by a Network Provider. If you receive contraceptive drugs or devices from an Out-of-Network Provider, the provider will ask Medi-Cal Rx to pay for your items. You do not have to pay for covered contraception.

Diabetic Testing Supplies

State law requires that we cover diabetic testing supplies when prescribed by a Network Provider. If you get your diabetic testing supplies at a pharmacy outside of the Kaiser Permanente network, your pharmacy will ask Medi-Cal Rx to pay for your supplies.

Other prescription drug items we cover

We also cover items prescribed by the following Out-of-Network Providers:

- Out-of-Network doctors, if The Permanente Medical Group authorizes a written referral to the out-of-network doctor and the item is covered as part of that referral
- Out-of-Network doctors, if the item is covered as part of covered Emergency Care or covered Urgent Care
 - ◆ An Out-of-Network pharmacist or hospital emergency room gives you up to a 72-hour emergency supply

You can learn more about Medi-Cal Rx by going to the heading “Medi-Cal Rx” under the section “Other Medi-Cal programs and services not covered by Kaiser Permanente” later in this Chapter 4.

Day supply limit

There is a limit to the amount of a drug or other item that can be dispensed at one time.

▪ ***Hormonal contraceptives***

The prescribing doctor determines how much of a contraceptive drug or item to prescribe. For purposes of day supply coverage limits, Network Providers determine what is the Medically Necessary supply for you for 30 days or 100 days or 365 days. The most you may get at one time for hormonal contraceptives is a 365-day supply.

▪ ***All other items***

The prescribing doctor or dentist determines how much of a drug, supply, or supplement to prescribe. Network doctors decide what is the Medically Necessary supply for you for 30 days or 100 days

The most you may get at one time of a covered item is either one 30-day supply in a 30-day period or one 100-day supply in a 100-day period. Amounts of drugs or items in excess of the day supply limit are not covered.

The pharmacy may reduce the day supply dispensed to a 30-day supply in any 30-day period if the pharmacy finds that the item is in limited supply in the market or for specific drugs (your network pharmacy can tell you if a drug you take is one of these drugs).

Drug formulary for prescription items covered by Kaiser Permanente

We cover certain Medically Necessary items that require a prescription and certain items that are available over the counter (“OTC”). We cover these items when you receive them as part of a covered hospital stay or when you receive them as part of a medical visit. We also cover certain items required under state law when those items are dispensed from a network outpatient pharmacy. We cover items prescribed by Network Providers, within the scope of their license and practice, and in accord with our drug formulary guidelines.

Our drug formulary includes a list of drugs that our Pharmacy and Therapeutics Committee has approved for our Members. Our Pharmacy and Therapeutics Committee is a group of network doctors and pharmacists that reviews drugs for their safety and effectiveness. The Pharmacy and Therapeutics Committee decides which drugs will be on the Kaiser Permanente drug formulary. The Pharmacy and Therapeutics Committee meets at least quarterly to consider additions and deletions based on new information or drugs that become available.

To find out if a drug is on the formulary or to get a copy of the formulary, call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

Note: The fact that a drug is on the list does not necessarily mean that your doctor will prescribe it for a particular medical condition.

Contract Drug List for outpatient drugs covered by Medi-Cal Rx

You can learn more about Medi-Cal Rx by going to the heading “Medi-Cal Rx” under the section “Other Medi-Cal programs and services not covered by Kaiser Permanente” later in this Chapter 4.

Pharmacies

You can fill your prescriptions at a Kaiser Permanente network pharmacy, or you can go to a Medi-Cal Rx pharmacy for most of your Medi-Cal prescriptions. If your prescription is part of an investigational treatment or covered hospice services, you must get your prescription filled at a Kaiser Permanente network pharmacy.

- ***Getting prescriptions at a Kaiser Permanente pharmacy***

You can find locations for our pharmacies on our website at **kp.org/facilities** or call our Member Service Contact Center at **1-800-464-4000** (TTY **711**) for locations and hours of network pharmacies in your area.

Once you choose a pharmacy, take your prescription to the pharmacy. Give the pharmacy your prescription with your Kaiser Permanente ID card. Make

sure the pharmacy knows about all medications you are taking and any allergies you have. If you have any questions about your prescription, make sure you ask the pharmacist.

When you need a refill, you may phone ahead, order by mail, or order online. A few pharmacies do not dispense covered refills, and not all items can be mailed through our mail order service. Check with your pharmacy if you have a question about whether your prescribed drug can be mailed or obtained at a network pharmacy. Items available through our mail order service are subject to change at any time without notice.

- ***Getting prescriptions at a Medi-Cal Rx pharmacy***

Go to the heading “Medi-Cal Rx” in the section “Other Medi-Cal programs and services not covered by Kaiser Permanente” for information on finding a Medi-Cal Rx pharmacy outside of the Kaiser Permanente network.

Medicare Part D

If you are covered by Medi-Cal and eligible for or enrolled in Medicare with Part D coverage, Medicare Part D pays first. Sometimes a drug covered by Medi-Cal may not be covered by Medicare Part D. If Medicare does not cover a drug that was covered by Medi-Cal, it may still be covered under your Medi-Cal coverage. If you are a Kaiser Permanente Senior Advantage member and want to know more about your Medicare Part D drug coverage, see your Senior Advantage Evidence of Coverage. You can also learn how to get extra help to pay for your out-of-pocket expenses.

To learn more about Medicare Part D (including how to enroll in Part D), please call Member Services at **1-800-443-0815** (TTY **711**). You can also call Medicare toll-free at **1-800-MEDICARE** (**1-800-633-4227**) (TTY **1-877-486-2048**) or visit their website at **www.medicare.gov**.

Audiology (hearing)

We cover Medically Necessary audiology services.

Behavioral health treatment

We cover behavioral health treatment (“BHT”) services for members under 21 years of age under the federal Early and Periodic Screening, Diagnostic, and Treatment (“EPSDT”) benefit. BHT includes services and treatment programs, such as applied behavior analysis and evidence-based behavior intervention programs that develop or restore, to the maximum extent practicable, the functioning of an individual under 21 years old.

BHT services teach skills using behavioral observation and reinforcement, or through prompting to teach each step of a targeted behavior. BHT services are based on reliable evidence and are not experimental. Examples of BHT services include behavioral interventions, cognitive behavioral intervention packages, comprehensive behavioral treatment and applied behavioral analysis.

BHT services must be Medically Necessary, prescribed by a licensed doctor or psychologist, approved by The Permanente Medical Group, and provided in a way that follows the approved treatment plan.

The treatment plan:

- Must be developed by a Network Provider who is a qualified autism service provider and may be administered by a qualified autism service provider, qualified autism service professional, or qualified autism service paraprofessional

4 | Benefits and services

- Has measurable individualized goals over a specific timeline that are developed and approved by the qualified autism service provider for the Member being treated
- Is reviewed no less than once every six months by the qualified autism service provider and modified whenever appropriate
- Ensures that interventions are consistent with evidence-based BHT techniques
- Includes care coordination involving the parents or caregiver(s), school, state disability programs, and others as applicable
- Includes parent/caregiver training, support, and participation
- Describes the Member's behavioral health impairments to be treated and the outcome measurement assessment criteria used to measure achievement of behavior objectives
- Includes the service type, number of hours, and parent participation needed to achieve the plan's goal and objectives, and the frequency at which the Member's progress is evaluated and reported
- Utilizes evidence-based practices, with demonstrated clinical efficacy in treating pervasive developmental disorder or autism

- BHT provided when continued clinical benefit is not expected
- Services that are primarily respite, daycare, or educational
- Reimbursement for parent participation in a treatment program
- Treatment when the purpose is vocational or recreational

- ***Hearing aids for Members under the age of 21***
State law requires children who need hearing aids to be referred to the California Children's Services ("CCS") program to determine if the child is eligible for CCS. If the child is eligible for CCS, CCS will cover the costs for Medically Necessary hearing aids. If the child is not eligible for CCS, we will cover Medically Necessary hearing aids as part of Medi-Cal coverage.
 - ***Hearing aids for Members ages 21 and older***

We cover speech therapy that is Medically Necessary.

Transgender services

We cover transgender services (gender-affirming services) when they are Medically Necessary or when the services meet the criteria for reconstructive surgery.

Clinical Trials

We cover services you receive in connection with a clinical trial if all of the following are met:

- We would have covered the services if they were not related to a clinical trial
- You are eligible to participate in the clinical trial according to the trial protocol with respect to treatment of cancer or other life-threatening condition (a condition from which the likelihood of death is probable unless the course of the condition is interrupted), as determined in one of the following ways:
 - ◆ A Kaiser Permanente Network Provider makes this determination
 - ◆ You provide us with medical and scientific information establishing this determination
- If any Kaiser Permanente Network Providers participate in the clinical trial and will accept you as a participant in the clinical trial, you must participate in the clinical trial through a Kaiser Permanente Network Provider, unless the clinical trial is outside the state where you live
- The clinical trial is an Approved Clinical Trial

“Approved Clinical Trial” means a phase I, phase II, phase III, or phase IV clinical trial related to the prevention, detection, or treatment of a life-threatening condition. The clinical trial must meet one of the following requirements:

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

- The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration
- The study or investigation is a drug trial that is exempt from having an investigational new drug application
- The study or investigation is approved or funded by at least one of the following:
 - ◆ The National Institutes of Health
 - ◆ The Centers for Disease Control and Prevention
 - ◆ The Agency for Health Care Research and Quality
 - ◆ The Centers for Medicare & Medicaid Services
 - ◆ A cooperative group or center of any of the above entities or of the Department of Defense or the Department of Veterans Affairs
 - ◆ A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants
 - ◆ The Department of Veterans Affairs or the Department of Defense or the Department of Energy, but only if the study or investigation has been reviewed and approved through a system of peer review that the U.S. Secretary of Health and Human Services determines meets all of the following requirements: (1) It is comparable to the National Institutes of Health system of peer review of studies and investigations and (2) it assures unbiased review of the highest scientific standards by qualified people who have no interest in the outcome of the review

We do not cover services that are provided only for data collection and analysis.

If the service related to a clinical trial involves an outpatient prescription drug, supply, or supplement that would otherwise be covered by Medi-Cal Rx, we will not cover it. You or your provider will have to request coverage for the prescription item from the Medi-Cal Rx program.

Laboratory and radiology services

We cover outpatient and inpatient laboratory and X-ray services when Medically Necessary. Various advanced imaging procedures, such as CT scans, MRI, and PET scans, are covered based on medical necessity.

Preventive and wellness services and chronic disease management

Preventive services

We cover the following preventive services:

- Advisory Committee for Immunization Practices recommended vaccines
- Family planning services
- American Academy of Pediatrics' Bright Futures recommendations
- Preventive services for women recommended by the Institute of Medicine, the Health Services Resources Administration, and the American College of Obstetrics and Gynecologists
- Smoking cessation services
- United States Preventive Services Task Force A and B recommended preventive services

Family planning services are provided to Members of childbearing age to enable them to determine the number and spacing of children. These services include all methods of birth control approved by the FDA. As a Member, you pick a doctor who is located near you and will give you the services you need.

Kaiser Permanente's PCP and OB/GYN specialists are available for family planning services. For family planning services, you may also pick a Medi-Cal doctor or clinic not connected with Kaiser Permanente without having to get a referral or pre-approval. We will pay that doctor or clinic for the family planning services you get.

Note: For more information on preventive services for children, go to the section "Pediatric services" in this Chapter 4.

Diabetes Prevention Program ("DPP")

The Diabetes Prevention Program ("DPP") is an evidence-based lifestyle change program designed to prevent or delay the onset of type 2 diabetes among individuals diagnosed with prediabetes. The program lasts one year. It can last for second year for those Members who qualify. The program uses approved lifestyle supports and techniques including, but not limited to, the following:

- Providing a peer coach
- Teaching self-monitoring and problem solving
- Providing encouragement and feedback
- Providing informational materials to support goals

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

- Tracking routine weigh-ins to help accomplish goals

Members who are interested in DPP must meet program eligibility requirements. Contact our Member Service Contact Center at **1-800-464-4000** (TTY **711**) for additional program and eligibility information.

We cover surgery to correct or repair abnormal structures of the body to create a normal appearance to the extent possible.
- After Medically Necessary removal of all or part of a breast, we cover reconstructive surgery of the breast and reconstructive surgery of the other breast for a more similar look. We cover services for swelling after lymph nodes have been removed

We do not cover surgery that will result only in a minimum change in your appearance.

Vision services

Routine eye exams

We cover one routine eye exam every 24 months. Additional eye exams are covered if Medically Necessary.

Eyeglasses

We cover the following:

- ***Complete eyeglasses (frame and lenses)***

We cover one complete pair of eyeglasses every 24 months when you have a

prescription of at least 0.75 diopter.

- ***Eyeglass lenses***

We will order new or replacement eyeglasses for you from DHCS's eyeglass lens vendor. If DHCS's vendor cannot provide you with the lenses you need, we will arrange for your lenses to be made at another optical lab. You will not have to pay extra if we have to make arrangements because DHCS's vendor cannot make your eyeglass lenses.

If you want eyeglasses lenses or features that are not covered by Medi-Cal, then you may have to pay extra for those upgrades.

- ***Eyeglass Frames***

We cover new or replacement frames that cost \$80 or less. If you choose frames that cost more than \$80, you must pay the difference between the cost of the frames and \$80.

- ***Replacement eyeglasses within 24 months***

We cover replacement eyeglasses if you have a change in prescription of at least 0.50 diopter or your eyeglasses are lost, stolen, or broken (and cannot be fixed), and it was not your fault. You must give us a note that tells us how your eyeglasses were lost, stolen, or broken. The replacement frames will be the same style as your old frames (up to \$80) if less than 24 months have passed since you got your eyeglasses

Low vision devices

Low vision devices are covered by Medi-Cal when the following conditions are met:

- The best corrected visual acuity is 20/60 or worse in the better eye, or there is a field restriction of either eye to 10 degrees or less from the fixation point.
- The condition causing subnormal vision is chronic and cannot be relieved by medical or surgical means.
- The physical and mental condition of the recipient is such that there is a reasonable expectation that the aid will be used to enhance the everyday function of the recipient.

Coverage is limited to the lowest cost device that meets the Member's needs. Medi-Cal coverage does not include electronic magnification devices and devices that do not incorporate a lens for use with the eye.

Special Contact Lenses

If you have a medical condition where a network doctor or optometrist decides that it is Medically Necessary for you to wear contact lenses, we will cover the contact lenses. Medical conditions that qualify for special contact lenses include, but are not limited to, aniridia, aphakia, keratoconus.

We will replace your Medically Necessary contact lenses if your contact lenses are lost or stolen. You must give us a note that tells us how your contact lenses were lost or stolen.

Note: Lens replacement policies may vary among Santa Clara Family Health Plan's provider networks. If you would like information on how to change provider networks, please call Santa Clara Family Health Plan Member Services at **1-800-260-2055** (TTY **711**), Monday through Friday, 8:30 a.m. to 5 p.m.

Transportation services for situations that are not emergencies

For information on emergency transportation services, see the heading "Emergency services" earlier in this chapter 4.

Medical Transportation for situations that are not emergencies

You are entitled to Medical Transportation in non-emergency situations if you have medical needs that don't allow you to use a car, bus, train, or taxi to get to your Medi-Cal appointments. Medical Transportation can be provided for Medi-Cal services, such as medical, dental, mental health, substance use, and pharmacy appointments. Your doctor will decide the correct type of transportation that you need. Medical Transportation can be an ambulance, litter van, wheelchair van or air transport.

Medical Transportation must be used when:

- You are not able to physically or medically use a bus, taxi, car or van to get to your appointment
- You need help from the driver to and from your residence, vehicle or place of treatment due to a physical or mental disability
- It is requested by a network doctor and authorized in advance

If your doctor decides you need Medical Transportation, they will prescribe it for you. We will call you to schedule your Medical Transportation.

Limits of Medical Transportation

In non-emergency situations, we cover the lowest cost medical transportation for your medical needs to the closest provider where an appointment is available. That means, for example, if you can physically or medically be transported by a wheelchair van, we will not pay for an ambulance. You are only entitled to air transport if your medical condition makes any form of ground transportation impossible.

We will not arrange for Medical Transportation if the service is not covered by Medi-Cal. If the service is covered by Medi-Cal, but not by us, we can still help you arrange Medical Transportation. If you need Medical Transportation outside your Home Region or to go to an Out-of-Network Provider, we will cover Medical Transportation only if we have authorized it for you.

Cost to Member for non-emergency Medical Transportation

There is no cost to you when non-emergency Medical Transportation is authorized by us.

Non-Medical Transportation

Your Medi-Cal benefits include getting a ride to your appointments or to the pharmacy for Medi-Cal Covered Services. You can get a ride, at no cost to you, when you are:

- Traveling to and from an appointment for a Medi-Cal covered service
- Picking up prescriptions and medical supplies

Kaiser Permanente allows you to use a car, taxi, bus or other public/private way of getting to your medical appointment for Medi-Cal-covered services. We allow the lowest cost NMT type that meets your medical needs. Sometimes, we can reimburse you for rides in a private vehicle that you arrange. This must be approved by us before you get the ride. You must tell us why you cannot get a ride in other ways, like the bus. We will not reimburse you for using a transportation broker, bus passes, taxi vouchers, or train tickets. To request authorization and the criteria used to make authorization decisions call our transportation provider at **1-844-299-6230 (TTY 711)**. The representative can also answer any questions about mileage reimbursement.

Please call Kaiser Permanente's transportation provider at **1-844-299-6230 (TTY 711)** at least three business days (Monday through Friday) before your appointment or call as soon as you can when you have an urgent appointment. Please have all of the following when you call:

- Your Kaiser Permanente ID card
- The date and time of your medical appointments

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

- The address of where you need to be picked up and the address of where you are going
- If you will need a return trip
- If someone will be traveling with you (for example, a parent/legal guardian or caregiver)

Note: American Indians may contact their local IHC to request NMT services.

Limits of NMT

We cover the lowest cost Non-medical Transportation that meets your needs to the closest provider from your home where an appointment is available. Members cannot drive themselves or be reimbursed directly.

NMT does not apply if:

- An ambulance, litter van, wheelchair van, or other form of NEMT is medically needed to get to a Medi-Cal Covered Service
- You need assistance from the driver to and from the residence, vehicle or place of treatment due to a physical or medical condition
- You are in a wheelchair and are unable to move in and out of the vehicle without help from the driver
- The service is not covered by Medi-Cal

Cost to Member for Non-Medical Transportation

There is no cost when Non-Medical Transportation is arranged by us.

Care coordination

We offer services to help you coordinate your health care needs at no cost to you. We will coordinate with other programs to ensure that you receive all Medically Necessary services covered by Medi-Cal, even if those services are covered by another program and not us. If you have questions or concerns about your health or the health of your child, call **510-618-5800** and leave a message. A Care Coordinator will call you back Monday through Friday, 8:30 a.m. to 5 p.m.

Coordinated Care Initiative (“CCI”)

The California Coordinated Care Initiative (CCI) works to improve care coordination for dual eligibles (people who qualify for both Medicaid and Medicare). It has two main parts: Cal MediConnect and Managed Medi-Cal Long-Term Supports and Services.

Cal MediConnect

The Cal MediConnect program aims to improve care coordination for dual eligibles. It lets them enroll in a single plan to manage all of their benefits, instead of having separate Medi-Cal and Medicare plans. It also aims for high-quality care that helps people stay healthy and in their homes for as long as possible.

Cal MediConnect plans cover the following:

- A network of providers working together for you
- A personal care coordinator who will make sure you get the care and support you need
- A customized review of your health needs and care plan

Managed Medi-Cal Long-Term Supports and Services (“MLTSS”)

Individuals dually eligible for Medicare and Medi-Cal or Seniors or Persons with Disabilities (SPD) enrolled in Medi-Cal only must join a Medi-Cal managed care health plan to receive their Medi-Cal benefits, including MLTSS and Medicare wrap-around benefits.

To learn more about CCI, call **1-800-464-4000 (TTY 711)**.

Enhanced Care Management

We cover Enhanced Care Management (“ECM”) services for members with highly complex needs. ECM is a benefit that provides extra care coordination services to help you get the care you need to stay healthy. It coordinates the care you get from different doctors. ECM helps coordinate primary care, acute care, behavioral health, developmental services, oral health, and community-based long-term services and supports (“LTSS”), and referral to available community resources.

If you qualify for ECM, you may be contacted about ECM services that are available to you. You can also call us, or talk to your doctor or clinic staff, to find out if you can receive ECM.

Covered ECM services

If you qualify for ECM you will have your own care team, including a care coordinator. Your care coordinator will talk with you and your doctors, specialists, pharmacists, case managers, social service providers and others, to make sure everyone works together to get you the care you need. Your care coordinator will also be able to help you find and apply for other services in your community. ECM includes:

- Outreach and engagement
- Comprehensive assessment and care management
- Enhanced coordination of care
- Health promotion
- Comprehensive transitional care
- Member and family support services
- Coordination and referral to community and social supports

To find out if ECM may be right for you, talk to your doctor.

Cost to member

There is no cost to you for ECM services.

Community Supports (“CS”) program

Community Supports may be available to you under your individualized care plan. Community Supports are suitable and cost-effective alternative services or settings to those covered under the Medi-Cal State Plan. Community Supports are optional to Members; you do not have to accept them. If you qualify, Community Supports may help you live more independently. Community Supports do not replace benefits you already

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

get under Medi-Cal. Community Supports are not available in all areas. Not all Members qualify to receive Community Supports. To qualify, you must meet specific criteria.

For more information on Community Supports, call **510-618-5800** and leave a message. A Care Coordinator will call you back Monday through Friday, 8:30 a.m. to 5 p.m.

Major Organ Transplants

Transplants for children under age 21

State law requires children who need transplants to be referred to the California Children's Services ("CCS") program to see if the child is eligible for CCS. If the child is eligible for CCS, CCS will cover the costs for the transplant and related services. If the child is not eligible for CCS, then we will refer the child to a qualified transplant center for evaluation. If the transplant center confirms the transplant would be needed and safe, we will cover the transplant and related services.

Transplants for adults age 21 and older

If your doctor decides you may need a major organ transplant, we will refer you to a qualified transplant center for an evaluation. If the transplant center confirms a transplant is needed and safe for your medical condition, we will cover the transplant and other related services.

Major organ transplants covered by us include, but are not limited to:

- Bone marrow
- Heart
- Heart/Lung
- Kidney
- Kidney/Pancreas
- Liver
- Liver/Small bowel
- Lung
- Small bowel

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

- Services in a long-term care facility, intermediate care facility, or subacute care facility for longer than the month of admission plus the next month

Other Medi-Cal programs and services not covered by Kaiser Permanente

Sometimes Kaiser Permanente does not cover services, but you can still get them through FFS Medi-Cal or other Medi-Cal programs. This section lists some of these services. To learn more, call your County Eligibility Worker or Medi-Cal toll-free at **1-800-541-5555** (English and Spanish). We will coordinate with other programs to ensure you receive all Medically Necessary services covered by Medi-Cal, even if those services are not covered by us.

Medi-Cal Rx

Most outpatient prescription drugs are covered by Medi-Cal Rx as a service through FFS Medi-Cal. To be covered by Medi-Cal Rx, the item must be on the Medi-Cal Contract Drug List (“CDL”) or must be pre-approved for you by Medi-Cal Rx. Your provider can tell you if a drug is on the Medi-Cal Rx CDL.

Medi-Cal Rx Contract Drug List (“CDL”)

The Medi-Cal Contract Drug List is the list of drugs that do not require pre-approval from Medi-Cal Rx. Your provider can tell you if a drug is on the Medi-Cal Rx Contract Drug List.

Sometimes, you may need an item that is not on the Contract Drug List. In such cases, Medi-Cal Rx will need to approve these items first before the pharmacy can give them to you. Medi-Cal Rx will review the request from your provider and make a decision within 24 hours.

- A pharmacist at your outpatient pharmacy or hospital emergency room may give you a 72-hour emergency supply if they think you need it. Medi-Cal Rx will pay for the emergency medication supply given by an outpatient pharmacy.
- Medi-Cal Rx may say no to a non-emergency request. If they say no, they will send you a letter to tell you why. They will tell you what your choices are. See the “Complaints” section in Chapter 6 (“Reporting and solving problems”) for more information.

To find out if a drug is on the Contract Drug List or to get a copy of the Contract Drug List, call Medi-Cal Rx Customer Service at **1-800-977-2273**, 24 hours a day, 7 days a week. TTY users can call **711**, Monday through Friday, 8 a.m. to 5 p.m. You can also visit the Medi-Cal Rx website at <https://www.Medi-CalRx.dhcs.ca.gov/home/>.

Medi-Cal Rx Pharmacies

If you are filling or refilling a prescription, you must get your prescribed drugs from a pharmacy that works with Medi-Cal Rx. All Kaiser Permanente outpatient pharmacies in your Home Region work with Medi-Cal Rx. You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at <https://www.Medi-CalRx.dhcs.ca.gov/home/>. You can also call Medi-Cal Rx Customer Service at **1-800-977-2273**, 24 hours a day, 7 days a week. TTY users can call **711**, Monday through Friday, 8 a.m. to 5 p.m.

Once you choose a pharmacy, take your prescription to the pharmacy. Your provider may also send it to the pharmacy for you. Give the pharmacy your prescription with your Medi-Cal Benefits Identification Card (“BIC”) and your Kaiser Permanente ID card. Make sure the pharmacy knows about all medications you are taking and any allergies you have. If you have any questions about your prescription, make sure you ask the pharmacist.

You can get transportation help from us to get to the pharmacy to pick up your prescription. For more information, go to the heading “Transportation services for situations that are not emergencies” earlier in this chapter 4.

California Children's Services ("CCS")

CCS is a Medi-Cal program that treats children under 21 years of age with certain health conditions, diseases or chronic health problems and who meet the CCS program rules. If Kaiser Permanente or your PCP believes your child has a CCS-eligible condition, your child will be referred to the CCS county program to be assessed for eligibility.

County CCS program staff will decide if your child qualifies for CCS services. We do not decide CCS eligibility. If your child qualifies to get this type of care, CCS providers will treat your child for the CCS condition. Kaiser Permanente will continue to cover the types of services that do not have to do with the CCS condition such as physicals, vaccines and well-child checkups.

Kaiser Permanente does not cover services provided by the CCS program. For CCS to cover these services, CCS must approve the provider, services and equipment.

CCS does not cover all health conditions. CCS covers most health conditions that physically disable or that need to be treated with medicines, surgery or rehabilitation (rehab). CCS covers children with health conditions such as:

- | | |
|-----------------------------------|--|
| • Congenital heart disease | • Liver disease |
| • Cancers | • Intestinal disease |
| • Tumors | • Cleft lip/palate |
| • Hemophilia | • Spina bifida |
| • Sickle cell anemia | • Hearing loss |
| • Thyroid problems | • Cataracts |
| • Diabetes | • Cerebral palsy |
| • Serious chronic kidney problems | • Seizures under certain circumstances |

- Rheumatoid arthritis
- Muscular dystrophy
- AIDS
- Severe head, brain or spinal cord injuries
- Severe burns
- Severely crooked teeth

County CCS program staff will decide if your child qualifies for CCS services. If your child qualifies to get this type of care, CCS providers will treat him or her for the CCS condition. DHCS will pay for qualifying CCS services.

If your child is not eligible for CCS program services, they will keep getting Medically Necessary care from Kaiser Permanente. To learn more about CCS, you can visit the CCS web page at www.dhcs.ca.gov/services/ccs or call our Member Service Contact Center at **1-800-464-4000** (TTY **711**).

- Teaching skills for employment or vocational purposes
- Vocational training or teaching vocational skills
- Professional growth courses
- Training for a specific job or employment counseling
- Modifications to your home or car, unless they are temporary changes that are determined to be Medically Necessary or approved for you under Community Supports
- Aquatic therapy and other water therapy. This exclusion for aquatic therapy and other water therapy does not apply to therapy services that are part of a physical therapy treatment plan and covered as part of the following benefits in Chapter 4 (“Benefits and services”):
 - ◆ Home health care

- ◆ Hospice and palliative care
- ◆ Rehabilitative and habilitative services
- ◆ Skilled nursing facility services

Massage therapy

- Home health care
- Hospice and palliative care
- Rehabilitative and habilitative services
- Skilled nursing facility services

Personal care services

Medi-Cal coverage does not include services that are not Medically Necessary, such as help with activities of daily living (for example: walking, getting in and out of bed, bathing, dressing, feeding, toileting, and taking medicine). This exclusion does not apply to assistance with activities of daily living that is provided as part of coverage described under the following sections:

- Hospice and palliative care
- Managed long-term services and supports (“MLTSS”)
- Skilled nursing/intermediate/subacute facility care
- Community Supports Program

Reversal of sterilization

- Covered emergency services received in Canada or Mexico
- Services covered under “Cancer clinical trials” in Chapter 4 of this Member Handbook
- Services provided as part of covered investigational services as described in Chapter 4 of this Member Handbook

Services performed by unlicensed people

Medi-Cal coverage does not include services that are performed safely and effectively by people who do not require licenses or certificates by the state to provide health care services and where the Member’s condition does not require that the services be provided by a licensed health care provider.

This exclusion does not apply to services covered under “Behavioral health treatments” heading under “Rehabilitative and habilitative services” in Chapter 4 of this Member Handbook. This exclusion also does not apply to Community Supports approved for you.

Services related to a noncovered service

When a service is not covered, all services related to the noncovered service are excluded. This exclusion does not apply to treatment of complications that result from the noncovered services, if those complications would be covered by Medi-Cal. For example, if you have cosmetic surgery that is not covered, we will not cover the services you get to prepare for the surgery or for follow-up care. If you later suffer a life-threatening complication such as a serious infection, this exclusion will not apply and we will cover the services needed to treat the complication, as long as the services are covered by Medi-Cal.

5. Child and youth well care

Child and youth members under 21 years old can get special health services as soon as they are assigned to Kaiser Permanente. This makes sure they get the right preventive, dental, mental health and developmental and specialty services. This chapter explains these services.

Pediatric services (Children under age 21)

Members under 21 years old are covered for needed care. The following list includes Medically Necessary services to treat or ameliorate defects and physical or mental diagnoses. Covered services include, but are not limited to, the following:

- Well-child visits and teen check-ups (Important visits children need)
- Immunizations (shots) s
- Mental health services for mild to moderate conditions (specialty mental health services are covered by the county)
- Hearing services (covered by CCS for children who qualify. We will cover Medically Necessary hearing services that CCS does not cover)
- Lab tests, including blood lead poisoning testing
- Health and preventive education
- Vision services
- Dental services (covered by FFS Medi-Cal Dental)

These services are called Early and Periodic Screening, Diagnostic and Treatment (EPSDT) services. EPSDT services that are recommended by pediatricians' Bright Futures guidelines to help you or your child stay healthy are covered at no cost to you.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

Well-child health check-ups and preventive care

Preventive care includes regular health check-ups and screenings to help your doctor find problems early, and counseling services to detect illnesses, diseases, or medical conditions before they cause problems. Regular check-ups help you or your child's doctor look for any problems. Problems can include medical, dental, vision, hearing, mental health, and any substance use (drug) disorders. We cover check-ups to screen for problems (including blood lead level assessment) any time there is a need for them, even if it is not during your or your child's regular check-up.

Preventive care also includes shots you or your child need. We must make sure that all enrolled children get needed shots at the time of any health care visit. Preventive care services and screenings are available at no cost and without pre-approval (prior authorization).

Your child should get check-ups at these ages:

- 2-4 days after birth
- 1 month
- 2 months
- 4 months
- 6 months
- 9 months
- 12 months
- 15 months
- 18 months
- 24 months
- 30 months
- Once a year from 3 to 20 years old

Well-child health check-ups include:

- A complete history and head-to-toe physical exam
- Age-appropriate shots (California follows the American Academy of Pediatrics Bright Futures Periodicity schedule)
- Lab tests, including blood lead poisoning testing
- Health education
- Vision and hearing screening
- Oral health screening
- Behavioral health assessment

When a physical problem or mental health issue is found during a check-up or screening, there may be care that can fix or help the problem. If the care is Medically Necessary and we are responsible for paying for the care, then we will cover the care at no cost to you. These services include:

- Doctor, nurse practitioner and hospital care
- Shots to keep you healthy
- Physical, speech/language and occupational therapies
- Home health services, which could be medical equipment, supplies and appliances
- Treatment for vision problems, including eyeglasses
- Treatment for hearing problems, including hearing aids when they are not covered by CCS
- Behavioral Health Treatment for autism spectrum disorders and other developmental disabilities
- Case management and health education
- Reconstructive surgery, which is surgery to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors or disease to improve function or create a normal appearance

Blood lead poisoning testing

All children assigned to Kaiser Permanente should get blood lead poisoning testing at 12 and 24 months or between the ages of 36 and 72 months if they were not tested earlier.

6. Reporting and solving problems

There are two kinds of problems that you may have with Kaiser Permanente:

- A **complaint** (or **grievance**) is when you have a problem with Kaiser Permanente or a provider, or with the health care or treatment you got from a provider
- An **appeal** is when you don't agree with our decision not to cover or change your services

You have the right to file grievances and appeals with Kaiser Permanente to let us know about your problem. This does not take away any of your legal rights and remedies. We will not discriminate or retaliate against you for complaining to us. Letting us know about your problem will help us improve care for all Members. You should always contact Kaiser Permanente to let us know about your problem. Call us 24 hours a day, 7 days a week (except closed holidays) at **1-800-464-4000 (TTY 711)** to tell us about your problem.

If your grievance or appeal is still not resolved after 30 days, or you are unhappy with the result, you can ask the DMHC to review your complaint or conduct an Independent Medical Review ("IMR"). You can call the California Department of Managed Health Care ("DMHC") at **1-888-466-2219 (TTY 1-877-688-9891 or 711)** or visit the DMHC website at www.dmhc.ca.gov.

The California Department of Health Care Services ("DHCS") Medi-Cal Managed Care Ombudsman can also help. They can help if you have problems joining, changing, or leaving a health plan. They can also help if you moved and are having trouble getting your Medi-Cal transferred to your new county. You can call the Ombudsman at **1-888-452-8609**, Monday through Friday, 8 a.m. to 5 p.m.

You can also file a grievance with your county eligibility office about your Medi-Cal eligibility. If you are not sure who you can file your grievance with, call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**.

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

To report incorrect information about your additional health insurance, please call Medi-Cal at **1-800-541-5555**, Monday through Friday, 8 a.m. and 5 p.m.

Complaints

A complaint (or grievance) is when you have a problem or are unhappy with the services you are receiving from Kaiser Permanente or a provider. There is no time limit to file a complaint.

If you have a complaint about outpatient prescription drugs you got through Medi-Cal Rx, submit your complaint to Medi-Cal Rx. You can submit a complaint either in writing or by telephone by going to **www.Medi-CalRx.dhcs.ca.gov** or calling Medi-Cal Rx Customer Service at **1-800-977-2273**, 24 hours a day, 7 days a week. TTY users can call **711**, Monday through Friday, 8 a.m. to 5 p.m.

Complaints related to Medi-Cal Rx pharmacy benefits are not subject to our grievance process and are not eligible for Independent Medical Review. Members can submit complaints about Medi-Cal Rx pharmacy benefits by calling **1-800-977-2273** (TTY **800-977-2273 and press 5 or 711**) or going to **www.Medi-CalRx.dhcs.ca.gov**. If your doctor refused to prescribe a drug you think you need, you can request an Independent Medical Review of your doctor's decision. DMHC's toll-free telephone number is **1-888-466-2219** and the TTY line is **1-877-688-9891**. You can find the Independent Medical Review/Complaint form and instructions online at the DMHC's website: **www.dmhc.ca.gov**.

For all other issues, you can file a complaint with us any time by phone, in writing, in person, or online.

- **By phone:** Call our Member Service Contact Center at **1-800-464-4000** (TTY **711**) 24 hours a day, 7 days a week (except closed holidays). Give us your medical record number, your name, and the reason for your complaint
- **By mail:** Call us at **1-800-464-4000** (TTY **711**) and ask to have a form sent to you. Also, your doctor's office will have complaint forms available. When you get the form, fill it out. Be sure to include your name, medical record number and the reason for your complaint. Tell us what happened and how we can help you. Mail the form to the Member Services office at a Kaiser Permanente Plan Facility (see **kp.org/facilities** for locations)
- **In person:** Fill out a Complaint or Benefit Claim/Request form at a Member Services office located at a Plan Facility

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

- **Online:** Use the online form on our website at **kp.org**

If you need help filing your complaint, we can help you. We can give you no-cost language services. Call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**.

Within 5 days of getting your complaint, we will send you a letter letting you know we got it. Within 30 days, we will send you another letter that tells you how we resolved your problem. If you call us about a grievance that is not about health care coverage, medical necessity, or experimental or investigational treatment, and your grievance is resolved by the end of the next business day, you may not receive a letter.

If you or your doctor want us to make a fast decision because the time it takes to resolve your complaint would put your life, health or ability to function in danger, you can ask for an expedited (fast) review. To ask for an expedited review, call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**. Within 72 hours of receiving your complaint, we will make a decision about how we will handle your complaint and whether we will expedite your complaint. If we determine that we will not expedite your complaint, we will let you know that we will resolve your complaint within 30 days.

Appeals

An appeal is different from a complaint. An appeal is a request for Kaiser Permanente to review and change a decision we made about coverage for a requested service. If we sent you a Notice of Action (“NOA”) letter telling you that we are denying, delaying, changing or ending a service, and you do not agree with our decision, you can file an appeal. Your PCP or other provider can also file an appeal for you with your written permission.

You must file an appeal within 60 calendar days from the date on the NOA you received. If we decided to reduce, suspend, or stop a service(s) you are getting now, you can continue getting that service(s) while you wait for your appeal to be decided. This is called Aid Paid Pending. To receive Aid Paid Pending, you must ask us for an appeal within 10 days from the date on the NOA or before the date we said your service(s) will stop, whichever is later. When you request an appeal under these circumstances, the service(s) will continue. We may require you to pay for the cost of services if the final decision denies or changes a service.

If you want to appeal a decision made by Medi-Cal Rx, you can request a State Hearing. The California Department of Social Services has a State Hearing process if you want to

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

appeal a Medi-Cal Rx decision. This process is different from the appeals process you use for your other benefits. In a State Hearing, a judge reviews your request with clinical input from DHCS pharmacists to make sure the decision aligns with Medi-Cal pharmacy policy.

For all other issues, you can file an appeal by phone, in writing, in person, or online:

- **By phone:** Call our Member Service Contact Center at **1-800-464-4000** (TTY **711**) 24 hours a day, 7 days a week (except closed holidays). Give us your medical record number, your name, and the service you are appealing
- **By mail:** Call us at **1-800-464-4000** (TTY **711**) and ask to have a form sent to you. Also, your doctor's office will have appeal forms available. When you get the form, fill it out. Be sure to include your name, medical record number and the service you are appealing. Mail the form to the Member Services office at a Kaiser Permanente network facility (see **kp.org/facilities** for locations)
- **In person:** Fill out an appeal form at a Member Services office located at a Plan Facility
- **Online:** Use the online form on our website at **kp.org**

If you need help filing your appeal or with Aid Paid Pending, we can help you. We can give you no-cost language services. Call **1-800-464-4000** (TTY **711**).

Within 5 days of getting your appeal, we will send you a letter letting you know we received it. Within 30 days, we will tell you our appeal decision and send you a Notice of Appeal Resolution ("NAR") letter. If we do not tell you our appeal decision within 30 days, you can request a State Hearing and an Independent Medical Review. But if you ask for a State Hearing first, and the hearing has already happened, you cannot ask for an IMR. In this case, the State Hearing has final say.

If you want or your doctor wants us to make a fast decision because the time it takes to resolve your appeal would put your life, health, or ability to function in danger, you can ask for an expedited (fast) review. To ask for an expedited review, call our Member Service Contact Center at **1-800-464-4000** (TTY **711**). We will make a decision within 72 hours of receiving your appeal.

What to do if you do not agree with an appeal decision

If you filed an appeal and got a letter from us telling you that we did not change our decision, or you never got a letter telling you of our decision and it has been past 30 days, you can:

- Ask for a **State Hearing** from the California Department of Social Services (“CDSS”), and a judge will review your case
- File an Independent Medical Review/Complaint form with the Department of Managed Health Care (DMHC) to have our decision reviewed or ask for an **Independent Medical Review** (“IMR”) from DMHC. During DMHC’s IMR, an outside doctor who is not part of Kaiser Permanente will review your case. DMHC’s toll-free telephone number is **(1-888-466-2219)** and the TTY line for the hearing and speech impaired is **(1-877-688-9891)**. You can find the Independent medical Review/Complaint form and instructions online at the DMHC’s website at **www.dmhc.ca.gov**.

You will not have to pay for a State Hearing or an IMR.

You are entitled to both a State Hearing and an IMR. But if you ask for a State Hearing first, and the hearing has already happened, you cannot ask for an IMR. In this case, the State Hearing has the final say. Medi-Cal Rx pharmacy benefit decisions are not subject to the IMR process.

The sections below will provide you with more information on how to ask for a State Hearing or an IMR.

Complaints and appeals related to Medi-Cal Rx pharmacy benefits are not handled by Kaiser Permanente. You can submit complaints and appeals about Medi-Cal Rx pharmacy benefits by calling **800-977-2273** (TTY **800-977-2273** and **press 5** or **711**). However, complaints and appeals related to pharmacy benefits not subject to Medi-Cal Rx may be eligible for an Independent Medical Review. If you do not agree with a decision related to your Medi-Cal Rx pharmacy benefit, you may ask for a State Hearing.

Note: Items and services you receive under the Community Supports Program do not qualify for IMR.

Complaints and Independent Medical Reviews (“IMR”) with the Department of Managed Health Care

An IMR is when an outside reviewer who is not related to the health plan reviews your case. If you want an IMR, you must first file an appeal with us . If you do not hear from us within 30 calendar days, or if you are unhappy with our decision, then you may then request an IMR. You must ask for an IMR within 6 months from the date on the notice telling you of the appeal decision. You only have 120 days to request a State Hearing so if you want an IMR and a State hearing file your complaint as soon as you can. Remember, if you ask for a State Hearing first, and the hearing has already happened, you cannot ask for an IMR. In this case, the State Hearing has the final say.

You may be able to get an IMR right away without filing an appeal first. This is in cases where your health problem is urgent or the request was denied because treatment was considered experimental or investigational.

If your complaint to DMHC does not qualify for an IMR, DMHC will still review your complaint to make sure we made the correct decision when you appealed our denial of services. We have to comply with DMHC’s IMR and review decisions.

The paragraph below will provide you with information on how to request an IMR. Note that the term “grievance” is talking about both “complaints” and “appeals.”

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **1-800-464-4000 (TTY 711)** and use your health plan’s grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (“IMR”). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (**1-888-466-2219**) and a TDD line (**1-877-688-9891**) for the hearing and speech impaired. The department’s internet website **<http://www.dmhca.gov>** has complaint forms, IMR application forms and instructions online.

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

State Hearings

A State Hearing is a meeting with people from the California Department of Social Services (“CDSS”). A judge will help to resolve your problem. You have the right to ask for a State Hearing only if you have already filed an appeal with Kaiser Permanente and you are still not happy with the decision, or if you have not received a decision on your appeal after 30 days.

You must ask for a State Hearing within 120 calendar days from the date on the notice telling you of the appeal decision. Your PCP can ask for a State Hearing for you with your written permission. However, if we gave you Aid Paid Pending during your appeal, and you want it to continue until there is a decision on your State Hearing, you must ask for a State Hearing within 10 days of our Notice of Appeal Rights (“NAR”) letter, or before the date we said your service(s) will stop, whichever is later. If you need help making sure Aid Paid Pending will continue until there is a final decision on your State Hearing, call our Member Service Contact Center at **1-800-464-4000 (TTY 711)**. Your PCP can ask for a State Hearing for you with your written permission.

Sometimes you can ask for a State Hearing without completing our appeal process. For example, you can request a State Hearing without having to complete our appeal process, if we did not notify you correctly or on time about your service(s). This is called Deemed Exhaustion. Here are some examples of Deemed Exhaustion:

- We did not make a Notice of Action (“NOA”) letter available to you in your preferred language.
- We made a mistake that affects any of your rights.
- We did not give you a NOA letter.
- We made a mistake in our NAR letter.
- We did not decide your appeal within 30 days.
- We decided your case was urgent, but did not respond to your appeal within 72 hours.

You can ask for a State Hearing by phone or mail.

- **By phone:** Call the CDSS Public Response Unit at **1-800-952-5253 (TTY 1-800-952-8349)**.
- **By mail:** Fill out the form provided with your appeals resolution notice. Send it to the address below:

At the hearing, you will give your side. We will give our side. It could take up to 90 days for the judge to decide your case. We must follow what the judge decides.

If you want the CDSS to make a fast decision because the time it takes to have a State Hearing would put your life, health or ability to function fully in danger, you or your PCP can contact the CDSS and ask for an expedited (fast) State Hearing. CDSS must make a decision no later than 3 business days after it gets your complete case file from Kaiser Permanente and Santa Clara Family Health Plan.

Binding Arbitration

Binding arbitration is a way to solve problems using a neutral third party. This third party hears both sides of the issue and makes a decision that both sides must accept. Both sides give up the right to a jury or court trial. We will use binding arbitration to settle claims that we filed before the effective date of this Member Handbook. The use of binding arbitration for these past claims is binding only on us.

Scope of Arbitration

You must use binding arbitration if the claim is related to this Member Handbook or your membership with us, if all of the following requirements are met:

- The claim is for:
 - ◆ Malpractice (a claim that medical services or items were unnecessary or unauthorized or were improperly, negligently, or incompetently rendered); or
 - ◆ Delivery of services or items; or
 - ◆ Premises liability
- The claim is brought by:

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

6 | Reporting and solving problems

- ◆ You against us; or
- ◆ Us against you
- Governing law does not prevent the use of binding arbitration to resolve the claim
- The claim cannot be settled through Small Claims Court

Keep in mind:

- You do not have to use binding arbitration for claims that can be settled through a State Hearing
- You cannot use binding arbitration if you have gotten a decision on the claim through a State Hearing

In this “Binding Arbitration” section only, “you” means the party who is asking for binding arbitration:

- You (a Member)
- Your heir, relative, or someone you name to act for you
- Someone who claims that a duty to them exists due to your relationship with us

In this “Binding Arbitration” section only, “us” means the party who has a claim filed against them:

- Kaiser Foundation Health Plan, Inc. (“KFHP”)
- Kaiser Foundation Hospitals (“KFH”)
- Southern California Permanente Medical Group (“SCPMG”)
- The Permanente Medical Group, Inc. (“TPMG”)
- The Permanente Federation, LLC
- The Permanente Company, LLC
- Any SCPMG or TPMG doctor
- Any person or organization with a contract with any of these parties that requires the use of binding arbitration
- Any employee or agent of any of these parties

Rules of Procedure

Binding arbitrations are conducted using the Rules of Procedure:

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

6 | Reporting and solving problems

- The Rules of Procedure were developed by the Office of the Independent Administrator with input from Kaiser Permanente and from the Arbitration Advisory Committee
- You can get a copy of the Rules of Procedure from our Member Service Contact Center at **1-800-464-4000 (TTY 711)**

How to Ask for Arbitration

To ask for binding arbitration, you must make a formal request (a Demand for Arbitration), which includes:

- Your description of the claim against us
- The amount of damages you are asking for
- The names, addresses, and phone numbers of all the parties who are making the claim. If any of these parties have a lawyer, include the name, address, and phone number of the lawyer
- The names of the parties whom you are filing the claim against

All claims resulting from the same incident should be included in one request.

Serving the Demand for Arbitration

If you are filing a claim against KFHP, KFH, SCPMG, TPMG, The Permanente Federation, LLC, or The Permanente Company, LLC, mail the Demand for Arbitration to:

Kaiser Permanente
Legal Department
1950 Franklin St., 17th Floor
Oakland, CA 94612

If you are filing a claim against any other party, you must give them notice as required by the California Code of Civil Procedure for a civil action.

We are served when we get the Demand for Arbitration.

Filing Fee

The cost of binding arbitration includes a filing fee of \$150 that will be waived if you cannot pay your share of the costs.

The filing fee is payable to “Arbitration Account” and is the same amount, no matter how many claims are in your request or the number of parties named. The filing fee is not refundable.

Call KP Member Service Contact Center at **1-800-464-4000 (TTY 711)**. The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

If you are not able to pay your share of the costs of binding arbitration, you can ask the Office of the Independent Administrator to waive the costs. To do this, you must fill out and send in a Fee Waiver Form to:

- The Office of the Independent Administrator; and
- The parties you are filing the claim against

The Fee Waiver Form:

- Tells you how the Independent Administrator decides whether to waive the fees
- Tells you the fees that can be waived

You can get a copy of the Fee Waiver Form from our Member Service Contact Center at **1-800-464-4000 (TTY 711)**.

Number of Arbitrators

Some cases are heard by one arbitrator that both sides agree on (a neutral arbitrator). In other cases, there may be more than one arbitrator. The number of arbitrators may affect whether we pay the cost of the neutral arbitrator.

Cases that request up to \$200,000 in damages go before one arbitrator. The arbitrator must stay neutral. Both sides can agree to have three arbitrators decide the case. The agreement for more than one arbitrator must be made after the Demand for Arbitration has been filed. When there are three arbitrators, one represents each side and the third is neutral. The arbitrator(s) cannot award more than \$200,000.

Cases that request more than \$200,000 in damages go before three arbitrators. When there are three arbitrators, there is one for each side in the dispute and a third neutral arbitrator. Either side can waive their right to have an arbitrator represent them. Both sides in a dispute can agree to have the case heard by a single neutral arbitrator. The agreement for a single neutral arbitrator must be made after the Demand for Arbitration has been filed.

Arbitrators' Fees and Expenses

We will pay the fees of the neutral arbitrator in some cases. To find out when we will pay the fees, look in the Rules of Procedure. You can get a copy of the Rules of Procedure from our Member Service Contact Center at **1-800-464-4000 (TTY 711)**. In all other cases, this cost is shared equally by both parties. If the parties select party arbitrators, each party pays the fees of their party arbitrator.

Costs

Except as set forth above and as allowed by law, each party must pay their own costs of the binding arbitration, no matter the outcome, such as lawyers' fees, witness fees, and other costs.

General Provisions

You cannot ask for binding arbitration if the claim would not meet the statute of limitations for that claim in a civil action.

Your claim will be dismissed if either of the following occurs:

- You have not acted on it with reasonable diligence in accord with the Rules of Procedure
- The hearing has not occurred and more than five years have passed after the earlier of:
 - ◆ The date you served the Demand for Arbitration; or
 - ◆ The date you filed a civil action based on the same incident

A claim may be dismissed on other grounds by the neutral arbitrator. Good cause must be shown for this to happen.

If one of the parties does not attend the hearing, the neutral arbitrator may decide the case in that party's absence.

The California Medical Injury Compensation Reform Act (and any amendments) applies to claims as allowed by law, such as:

- The right to introduce evidence of any insurance or disability benefit payment to you
- Limits on the amount of money you can recover for noneconomic losses
- The right to have an award for future damages made in periodic payments

Arbitrations are governed by this "Binding Arbitration" section. These standards also apply as long as they do not conflict with this section:

- Section 2 of the Federal Arbitration Act
- The California Code of Civil Procedure
- The Rules of Procedure

Notice of privacy practices

A STATEMENT DESCRIBING KAISER PERMANENTE'S POLICIES AND PROCEDURES FOR PRESERVING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO YOU UPON REQUEST.

Kaiser Permanente will protect the privacy of your protected health information ("PHI"). We also require all contracting providers to protect the privacy of your PHI. Your PHI is individually identifiable information (oral, written, or electronic) about your health, health care services you received, or payment for your health care.

You can generally see and get a copy of your PHI, fix errors, or update your PHI, and ask us for a list of certain disclosures of your PHI. You can request delivery of confidential communication to a location other than your usual address or by a means of delivery other than the usual means.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

We may use or let others see your PHI for care, health research, payment, or health care operations, such as for research or measuring quality of care and services. Also, by law we may have to give your PHI to the government or provide it in legal actions.

We will not use or disclose your PHI for any other purpose without written authorization from you (or someone you name to act for you), except as described in our Notice of Privacy Practices (see below) and Medi-Cal privacy rules. You do not have to authorize this other use of your PHI.

If you see anyone using your information improperly, contact our Member Service Contact Center at **1-800-464-4000** (TTY **711**) or the California Department of Health Care Services, Privacy Officer, at **1-866-866-0602** Option 1 (TTY **1-877-735-2929**). You can also e-mail the California Department of Health Care Services at **privacyofficer@dhcs.ca.gov**.

This is only a short summary of some of our key privacy practices. OUR NOTICE OF PRIVACY PRACTICES, WHICH PROVIDES ADDITIONAL INFORMATION ABOUT OUR PRIVACY PRACTICES AND YOUR RIGHTS REGARDING YOUR PHI, IS AVAILABLE AND WILL BE FURNISHED TO YOU UPON REQUEST. Notice about laws

Many laws apply to this Member Handbook. These laws may affect your rights and responsibilities even if the laws are not included or explained in this Member Handbook. The main laws that apply to this Member Handbook are state and federal laws about the Medi-Cal program. Other federal and state laws may apply too.

Notice about Medi-Cal as a payer of last resort, other health coverage, and tort recovery

Sometimes someone else has to pay first for the services Kaiser Permanente provided or arranged for you. For example, if you are in a car accident or if you are injured at work, insurance or Workers Compensation has to pay first.

The California Department of Health Care Services has the right and responsibility to collect for covered Medi-Cal services for which Medi-Cal is not the first payer.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

The Medi-Cal program complies with state and federal laws and regulations relating to the legal liability of third parties for health care services to beneficiaries. Kaiser Permanente will take all reasonable measures to ensure that the Medi-Cal program is the payer of last resort.

If you are eligible for Medicare, you must let us know. The Medicare program may have to pay for certain services that you get from us. Medi-Cal always pays last.

Medi-Cal members may also have other health coverage (“OHC”) provided to them at no cost. By law, members are required to exhaust all services provided by the OHC before using services through Medi-Cal. If you do not apply for or keep no-cost OHC or state-paid OHC, your Medi-Cal benefits and/or eligibility will be denied or stopped. Federal and state laws require Medi-Cal members to report private health insurance. To report or change private health insurance, go to <http://dhcs.ca.gov/mymedi-cal>. You can also call Santa Clara Family Health Plan at **1-800-260-2055** (TTY **711**). Or call DHCS at **1-800-541-5555** (TTY **1-800-430-7077** or **711**). Outside of California, call **1-916-636-1980**. If you do not report changes to your OHC promptly, and because of this, get Medi-Cal benefits that you are not eligible for, you may have to repay DHCS.

If you are injured, and another party is liable for your injury, you or your legal representative must notify DHCS within 30 days of filing a legal action or a claim. Submit your notification online:

- Personal Injury Program at <http://dhcs.ca.gov/PI>
- Workers Compensation Recovery Program at <http://dhcs.ca.gov/WC>

To learn more, call **1-916-445-9891**.

Notice about estate recovery

The Medi-Cal program must seek repayment for the estates of certain deceased Medi-Cal members from payments made, including managed care premiums for nursing facility services, home and community-based services, and related hospital and prescription drug services provided to the deceased Medi-Cal member on or after the member’s 55th birthday. If a deceased member does not leave an estate or owns nothing when they die, nothing will be owed.

To learn more about estate recovery, call **(916) 650-0590** or go online at <http://dhcs.ca.gov/er>. You can also get legal advice.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

Notice of Action

Kaiser Permanente will send you a Notice of Action (NOA) letter any time we deny, delay, terminate or modify a request for health care services. If you disagree with our decision, you can always file an appeal. See the Appeals section in Chapter 6 for important information on filing your Appeal. When we send you an NOA, it will inform you of all rights you have if you disagree with a decision we made.

Notice about unusual circumstances

If something happens that limits our ability to provide and arrange for care, like a major disaster, we will make a good faith effort to provide you with the care that you need with Network Providers and network facilities that are available. If you have an emergency medical condition, go to the nearest hospital. You have coverage for emergency services as described in the “Emergency services” section.

Notice about administration of your benefits

You must fill out any forms that we ask for in our normal course of business. Also, we may create standards (policies and procedures) in order to better provide your services.

If we make an exception to the terms of this Member Handbook for you or someone else, we do not have to do the same for you or someone else in the future.

If we do not enforce part of this Member Handbook, this does not mean that we waive the terms of this Member Handbook. We have the right to enforce the terms of this Member Handbook at any time.

Notice about changes to this Member Handbook

We, with the approval of Santa Clara Family Health Plan, can make changes to this Member Handbook at any time. We will let you know in writing of any changes 30 days before they happen.

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**

Notice about lawyer and advocate fees and costs

In any dispute between you and us, The Permanente Medical Group, or Kaiser Foundation Hospitals, each party will pay their own fees and costs. These include lawyers' fees and advocates' fees.

Notice that this Member Handbook is binding on Members

The terms of this Member Handbook are binding on you when you choose assignment in Kaiser Permanente through Santa Clara Family Health Plan.

Notice that Santa Clara Family Health Plan is not our agent

Santa Clara Family Health Plan is not an agent or representative of Kaiser Foundation Health Plan, Inc.

Notices about your coverage

If you move or have a new address, let us know your new address as soon as you can by calling our Member Service Contact Center at **1-800-464-4000** (TTY **711**). Also, let your County Eligibility Worker and Santa Clara Family Health Plan know your new address

Call KP Member Service Contact Center at **1-800-464-4000** (TTY **711**). The call is toll-free. We are here 24 hours a day, 7 days a week (except closed holidays). Visit online at **kp.org**
